GERMAN ARTILLERY POUNDING ANTWERP WITHOUT A LET UP

Teuton Guns Have Already Done Much Damage to Besieged City.

TWO FORTS ALREADY HAVE BEEN SILENCED

Russians Who Were Repulsed in East Prussia Have Turned Tables.

London, Oct. 9—German heavy artillery is pounding Antwerp, the last remaining stronghold of the Belgian army, while German armies to the west continue their indecisive struggle with the French and British allies. Beyond this little is known of the development in Belgium and France. The situation at Antwerp is in doubt. The censorship which masked the fighting there until the Belgian government was compelled to withdraw to Ostend now veiling attack on the city proper. Reports coming through London refer only to events of yesterday morning or earlier.

King Albert is variously reported as leading a part of the Belgian army out of the city, with the intention probably of effecting a juncture with the British and French; and as having arrived at Selzaete, a village on the Dutch frontier. Refugees from Antwerp continue to pour into Holland. They report that the German guns already have done much damage in the city.

The bombardment of Antwerp's inner forts is said to have begun at 12:30 o'clock Thursday morning. Two of these forts are reported to have been silenced and fire is said to have broken out in four parts of the city.

The most recent statement by the German war office said the Germans had crossed the flooded area along the river Neth and commenced to make progress.

The general situation in the west has undergone no change, says a French official announcement made at 3 o'clock this afternoon. The battle continues along the line of Lens, Arras, Bray-Sur-Somme, Chaulnes, Roy and Lassigny. An artillery duel is occurring in the Woevre district. Otherwise nothing of importance on the right or center of the allies is reported by the French.

The Paris announcement says that Montenegrin troops continue their advance on Sarajevo, the capital of Bosnia. A similar report has been made almost daily for many days.

A news despatch from Cologne says that a hostile aeroplane threw bombs at the Zeppelin hangers at Cologne and Dusseldorf on Thursday afternoon. The former was uninjured, but the damage was inflicted at Dusseldorf. The German official report says that the airship hall at Dusseldorf was hit by one of the bombs, the roof pierced and the cover of an airship demolished.

An Antwerp correspondent says that every witness of the Zeppelin air flights over Antwerp saw such a craft shot by shells from Belgian forts and fall.

The Austrian war office in its most recent communication reports success against the Montenegrins.

The Austrian army headquarters also reported the recapture of Przovo and the repulse of the Russians who are marching on Przemysl.

The latest reports from the eastern theater of war are that the Russians who invaded east Prussia and later were defeated and driven back to the Niemen river, have again invaded east Prussia, driving the Germans back as far as Lyck. On the other hand, the Germans are in force in Russian Poland, having reached almost to Warsaw, while the Russian movement west through Galicia, is meeting a stubborn resistance from German and Austrian forces. The Russians claim to have captured one of the forts at Przemsyl. A similar claim was made several days ago.

A despatch from Athens says that German officers have placed large German guns in the forts on the Dardanelles and the Bosphorus.

The Australian government has proposed a gift of $500,000 to Belgium.

RUSSIANS CAPTURE 10,000 PRISONERS IN EAST PRUSSIA

Paris, Oct. 9.—In the recent battles along the east Prussian frontier, the Russians took 10,000 prisoners and 40 cannon, according to a despatch from Petrograd to the Havas News agency.

SITUATION STILL UNCHANGED REPORT FROM PARIS SAYS

On Allies' Right Artillery Duel Along Entire Front Takes Place

MONTENEGRIN TROOPS CONTINUE TO ADVANCE

Opposing Bodies Still Operating to the North of Lille and Labasse

Paris, Oct. 9. (9:20 p.m.)—The following announcement was given out in Paris this afternoon:

"The general situation has undergone no change.

"On our left wing the two opposing bodies of cavalry are still operating the north of Lille and of Labasse and the battle continues along the line marked by the regions of Lens, Arras, Bray-Sur-Somme, Chaulnes, Roye and Lassigny.

"On the center of the Oise and on the Meuse only actions of minor importance have been reported.

"On our right in the Woevre district, there has been an artillery contest along the entire front.

"In Lorraine, in the Vosges and in Alsace there has been no change.

"In Bosnia, Montenegrin troops have continued their advance in the direction of Sarajevo as far as the fortified line which protects the city from a distance of eight kilometers."

UNITED STATES TROOPER HIT BY MEXICAN BULLET DIES AT FORT HUACHUCA

Naco, Ariz., Oct. 9.—Trooper Wilson, of the tenth United States cavalry, wounded by a Mexican bullet, fired across the line during an attack on Naco, Sonora, Sunday, died today at Fort Huachuca. Wilson was shot in the breast.

Rudolph, Boston's Slow Ball Artist Puts One Over Mack's Athletics in the First Game

Stallings' Braves, Who Came From Foot to Head and Won National League Pennant, Again Upset Dope and Bat Philadelphia's Best Bet, Big Chief Bender, Out of Box—Mack's Famous Aggregation of Hitters Humbled by Hub City Slab Man—Score is Seven to One—Shibe Park, Quaker City's Palatial Ball Grounds, Filled Hours Before Start of Contest and Thousands Turned Away.—Ideal Weather Greets Tossers.

Shibe Park, Philadelphia, Oct. 9.—The Boston National league pennant winners easily ran away with the Philadelphia Athletics today defeating them by a score of 7 to 1. The Bostons drove Bender, the Athletics star right hander, from the mound by terrific hitting which the Braves pieced together when hits meant runs. Gowdy was the hitting star of the Bostons getting three safe blows in three times at the bat. One of Gowdy's hits was a double and the other a three-bagger, his third hit being a single.

Rudolph pitched a game of first water for his club.

The Athletics were held spell bound by his slow ball which came up to the plate as big as a toy balloon. The Athletics' heaviest hitters could do nothing with his delivery. The Boston rooters paraded out of the grounds after the game, led by a brass band. The official score:

Summary—Two base hits, Gowdy Wyckoff, Baker; three base hits, Gowdy, Whitted; hits off Bender, 8 in 5 innings; off Wyckoff, 3 in 3 innings, and 2 out in sixth. Sacrifice hits, Oldring; stolen bases, Moran, Schmidt, Gowdy; double plays, Smith and Deal, Larry, Collins and McInnis, Bender, Barry and McInnis; Bender and McInnis; Baker and McInnis; left on bases, Boston 2, Philadelphia 6; first base on balls, off Rudolph 3; Bender 2; Wyckoff 1. First base on errors, Philadelphia 1. Struck out, by Rudolph 5, by Bender 3, by Wyckoff 2. Time, 1:58. Umpires, at plate, Dineen; on bases, Klem.

First Innings.

Boston—Bender's first offering was an outcurve which cut the plate for a strike. Moran went out on a high foul to McInnis. Evers sent up a high fly to Collins and walked back to the bench. Connolly took a strike and then fouled off the next one. Connolly fanned, missing a slow one around the neck—No runs, no hits, no errors.

Philadelphia—Rudolph put over a strike on Murphy. Murphy sent up a short single to center and the crowd started to cheer. It was the second ball pitched. Oldring sacrificed, Gowdy to Schmidt. Gowdy nearly outthrew first base. Rudolph tried to cut the corners of the plate on Collins and pitched three balls. His fourth was a strike. Collins walked and the crowd cried to Baker for a hit. Baker fouled out to Schmidt and Murphy was out trying for third on the catch, Schmidt to Deal. It was a pretty double play.—No runs, 1 hit, and no errors.

Second Inning.

Boston—Bender pitched three balls and then put over two strikes on Whitted. Whitted walked; Schmidt filed out to Oldring. Whitted scored on Gowdy's two-bagger to the left field stand. The Boston rooters cheered to the echo. Gowdy scored on Maranville's single over second. The Boston hits were sharp and clean. A double play followed, Barry took Deal's grounder and tossed to Collins forcing Maranville. Collins then threw out Deal.—Two runs, two hits, no errors.

Philadelphia—Rudolph had a big wide curve which he worked on the edge of the plate. McInnis walked on four pitched balls. McInnis scored when Strunk's single went through Moran's legs to the fence. Strunk took third on the play. Barry fanned. Strunk was out at the plate when Evers took Schang's grounder and threw to Gowdy. Maranville took Bender's grounder and threw to Evers forcing Schang. One run, one hit, one error.

Third Inning.

Boston—Bender threw out Rudolph at first. Moran could not see Bender's speed and struck. Oldring took Evers's hoist.—No runs, no hits, no errors.

Philadelphia—Murphy fanned. Rudolph working him on two straight ones and then a fast one. Oldring also struck out. Rudolph working carefully and deliberately. Rudolph's slow balls bothering the Athletics not a little. Rudolph threw out Collins at first base. Out at first.—No runs, no hits, no errors.

Fourth Inning.

Boston—Connolly sent a liner over Collin's head for a single, after having two strikes called on him. A double play followed this. Bender took Whitted's smash and threw to Barry forcing Connolly. Barry then tossed out Whitted. Barry's throw to McInnis was wild but McInnis made a beautiful stop. Collins tossed out Schmidt at first.—No runs, one hit, no errors.

Philadelphia—Baker fouled off the first two and Rudolph had him in a hole. Baker struck out, missing a wide by one foot. McInnis also fanned. Strunk singled to left but was out at second trying to stretch his hit. Connolly to Maranville. It was pretty fielding by the Boston players.—No runs, one hit, no errors.

Fifth Inning.

Boston—Gowdy drove the ball to the center field fence for a three base hit. It was the first pitched ball. The umpire cautioned the Boston bench for coaching. Gowdy scored on Maranville's single over McInnis' head. A double play followed. Bender took Deal's bunted fly and then picked Maranville at first. Deal had attempted to sacrifice. Rudolph struck out.—One run, 2 hits, no errors.

Philadelphia—Maranville took Barry's Texas leaguer away out in left field. It was a sparkling catch and loudly applauded. Schang struck out. It was Rudolph's sixth strike out. Bender flied out to Whitted.—No runs, no hits, no errors.

Sixth Inning.

Boston—Moran sent up a foul back of third base which Barry took after a long run with his outstretched hands. The crowd shouted its approval. Evers shot a single past Bender. Connolly walked when Bender became unsteady. Evers and Connolly scored on Whitted's smashing drive to right field and went for three bases. Whitted scored on Schmidt's slashing single through Barry. The Boston batting was terrific and Bender was recalled from the box and Wyckoff replaced him. It was the first time an Athletic pitcher has ever been batted out of the box in a world's series. Gowdy walked, Wyckoff took Maranville's smash but threw too late to catch Schmidt. The bases were now filled with one out. A double play ended the inning. Baker took Deal's grounder and touched third forcing Gowdy and then threw Deal out to first.—Three runs, three hits, no errors.

Philadelphia—Evers took care of Murphy's slow roller and threw out the runner. Deal tossed out Oldring. Rudolph was pitching a perfect game, his slow ball coming high and low but never touching the Athletics' bats. Rudolph tossed out Collins.—No runs, no hits, no errors.

Seventh Inning.

Boston—Lapp now catching. Rudolph got an infield single which Collins was barely able to knock down. Baker took Moran's intended sacrifice and threw to Barry forcing Rudolph. Evers struck out and Moran stole second. McInnis gathered in Connolly's grounder and threw to Wyckoff who covered first.—No runs, one hit, no errors.

Philadelphia—Evers fumbled Baker's grounder and the runner was safe. McInnis walked on four pitched balls. Strunk grounded out to Schmidt. Baker went to third and McInnis to second. Barry struck out. Rudolph threw out Lapp at first. It was fine pitching by Rudolph.—No runs, no hits, one error.

Eighth Inning

Boston—Whitted sent up a high fly to Baker.—Schmidt got a Texas leaguer to left. Gowdy singled to left and Schmidt went to third. Maranville struck out and when Gowdy ran to second Schmidt stole home. Gowdy tried to steal third but was thrown out. —One run, two hits, no errors.

Philadelphia—Wyckoff doubled to the right field fence. Maranville threw out Murphy at first. Wyckoff went to third. Oldring struck out. Collins flew out to Connolly.—No runs, 1 hit, no errors.

Ninth Inning.

Boston—The crowd began to leave the stands when the inning opened as it was realized that Boston had all but won the game. Baker threw out Deal. Barry threw out Rudolph. It was announced that the official attendance was 20,562. Baker tossed out Moran. No runs, no hits, no errors.

Philadelphia—Baker drove the ball up against the fence for a double. Deal threw out McInnis, Baker was held at second. Strunk popped out to Evers. Maranville threw out Barry.—No runs, one hit, no errors.

Shibe Park, Philadelphia, Oct. 9.—The Boston Braves pennant winners of the National league, and the Philadelphia Athletics, champions of the American league, clashed today in the first battle for the world's baseball championship of 1914.

Some 22,000 persons saw the opening engagement of the seven game series. Hundreds were turned away at the gates unable to obtain admission to the crowded stands.

The Bostons prepared to send their slow ball boxman, Dick Rudolph, to the pitching emplacement to shell the Athletics out of their home defences. The American league groomed the Indian, Bender, to pick off the Boston invaders with his fast ball.

"Slow ball pitching is not relished by the Mack artillery of batters and I guess it will be Rudolph for the fray today," remarked Manager Stallings. "Still I may switch to James or Tyler. They are all good you know."

The vast bleachers of Shibe park were choked to capacity long before game time. Three and four times the regular seat prices were offered for tickets and the demand at these figures exceeded the supply.

Betting favored the Athletics 2 to 1 and 9 to 5 when the teams came on the field for batting practice.

The outfield stand seating 4,000 persons, was thrown open at 10:30 o'clock. It was filled within a short time and the gates were closed. The first in line for seats in the unreserved section had waited over forty hours for the gates to open. Several women stood in the line since daybreak. The crowd holding reserved tickets in the covered and double decked stand, came to the park later. Hundreds viewed the contest from temporary stands erected on the roofs of houses that overlook the back field walls.

The day was warm and humid and one suited for fast baseball. An insistent sun burned through the massed clouds and there was only a slight threat of showers from the southwest. The infield and outer garden were dry and hard.

Preliminary field play was snappy and scintillating. The work of the Boston player, Deal, who substituted at third base for Smith, who broke his leg this week was keenly watched. He displayed no fielding faults in warming up.

John Coombes and Ira Thomas took the pitching stand and served the Athletics batters during the batting practice. The Athletics gave particular attention to bunting. "Home Run" Baker tried out the range of the right field wall. One of his blows almost cleared the enclosure.

The Boston batters hit wickedly in practice. Tom Hughes served up the balls and the "Royal rooters" 250 strong from Boston sent up a loud shout when Catcher Hank Gowdy drove the ball into the left field stands.

The Boston Braves were the first out on the diamond for field practice. Their work was sharp, clean cut and brilliant. Maranville was all over the middle field section scooping grounders to his right and left and making the throws from every position. The crowd applauded him frequently.

The Athletics went out for field practice at 11:45 and Connie Mack's $100,000 infield was seen in action.

McInnis had recovered from the injury to his hand and was back on first base. Bender did not make his appearance on the field until the Athletics were practicing when he began to warm up with Jack Lapp.

SKY IS RED WITH THE REFLECTIONS ANTWERP BURNING

Uninterrupted Thundering of Guns Heard at Rosendaal Throughout the Night—Fire Slackens in Early Morning, But Again Resumed.

London, Oct. 9—(9.45 p.m.)—In a despatch from Amsterdam, filed at 1.46 this afternoon, the correspondent of Reuter's says:

"Uninterrupted thundering of guns was heard at Rosendaal, from Antwerp throughout the night. The firing slackened a little in the early morning, but it has now resumed with full force.

"The sky last night was made red by the flames of burning Antwerp."

Rosendaal is about 20 miles north of Antwerp in Holland.

BRITISH AND FRENCH SINK TWELVE SHIPS IN THE MEDITERRANEAN

New York, Oct. 9—A news agency here is in receipt of a cable from London which says:

"The Times today publishes a letter from an officer of the British Mediterranean fleet, confirming the sinking of six Austrian war ships, three cruisers and three destroyers in the Adriatic. He declares, however, they were sunk in battle by the Anglo-French fleet. The destroyers went down with the first salvo from the allied guns, and the cruisers burst into flames within three minutes and sank a few minutes later."

BESIEGED CITY CANNOT BE HELD VERY LONG NOW

Enemy Has Occupied Southeast Semi-circle of the Third Fortified Line—Several Sorties Made by Defenders on Left Bank of the Scheldt—Incendiary Bombs Start Blaze Near Famous Palace of Justice—Siege of City and Battle of Aisne Becoming More and More Closely Related.

London, Oct. 9—(1.15 a.m.)—Borgerhaut, a suburb of Antwerp, is burning, according to a despatch from Amsterdam to Reuters.

OCCUPY FORTIFIED POSITION.

London, Oct. 9—(1.11 a.m.)—A despatch to the Exchange Telegraph company from Ostend dated Thuraday, says:

"The Germans have occupied the southeast semi-circle of the third fortified line of Antwerp. The Belgians have made several sorties on the left bank of the Scheldt.

"The Belgian government is completely installed at Ostend.

REPORTED GERMANS REPULSED.

London, Oct. 9—(1.45 a.m.)—The bombardment of Antwerp has been terrible, says an Ostend despatch to Reuters, under date of Thursday.

"The Germans threw incendiary bombs," the despatch adds, "with the result that many parts of the town between the railway station at the south, and the palace of justice are in flames.

"It is reported here that Germans have been repulsed on the left bank of the river Neth.

"A Taube aeroplane flew over Ostend at 4 o'clock this afternoon."

Still Holding Out.

London, Oct. 9.—(10.05 a.m.)—So far as England knows this morning, Antwerp, the latest of the cities of Belgium to be beleaguered, is still holding out against the eGrman's onslaught. King Albert has withdrawn from the city toward Ostend where the administration is now fully established, but practically the entire Belgian field army has remained to resist, as long as possible, the fire of the great German guns, the terrible effects of which were made plain at Liege.

Though separate conflicts, the siege of Antwerp and the battle of the Aisne are thus becoming more and more closely related and both the Germans and the allies are making most desperate efforts to crush each other and smash through the ever lengthened western wings.

ANOTHER SHRINE ADDED TO RECORD OF DESTRUCTION

Hotel De Ville of Arras With its Famous Belfry Now Is In Ruins

SHELLING THE PLACE FUN OF THE GUNNERS

Cathedral of St. Vass Built on Site of Roman Temple Also Suffers

London, Oct. 9.—The Chronicle correspondent, Philip Gibbs, wires from a town in France under Thursday's date:

"The enemy has added another beautiful shrine to history to its record of destruction. It is the hotel De Ville of Arras, beneath which lie the ruins of its tall and famous belfry, now but a heap of stones, with broken pinnacles and bits of sculpture once carved by the master masons of old. For nearly four centuries the bells of Arras pealed on the birthdays and wedding days and grand feast days of France, high up in the belfry designed by LeCarron in 1501 and finished in 1554. Twenty-four hours ago this place which time has spared, failed to escape the ruthlessness of the men who care nothing it seems for monuments of art. Their guns made a target of the belfry standing 250 feet above the soil, into which they were hurling their shells. It was fun for the German gunners.

"Nearby is the cathedral of St. Vass, built on the site of the Roman temple to Jupiter and one of the first churches in Christian France. That old church was razed to the ground by the Huns of Atila, and now the modern cathedral, completed only in 1833, has suffered at the hands of those who in the 20th century are harling back to the barbaric ways of the Atila hordes."

BIG ARMIES AND NAVIES HAVE ABSOLUTELY FAILED PREVENT WAR, SAYS HON. A. G. MACKAY

International Naval Police System Advocated as Step Toward Permanent World Peace by Athabasca Member, in Eloquent Speech in Moving Address in Reply—Turgeon, Michener and Sifton Also Look Toward Better and Brighter Day for Humanity, When Kaiserism is Utterly Crushed.

Hon. A. G. MacKay is more at home on the stump in the heat of a close political campaign than in replying to the speech from the throne, when there are none of the other fellow's arguments to tear asunder.

For that reason he was not seen at his best Thursday in the legislature when he moved the address in reply to Wednesday's speech, nevertheless his address was eloquent, at times brilliant and was characterized by the extraordinary number of homely truths and flat-footed statements contained in it. Most significent of all, he concluded by coming out boldly for an international navy to police the seas and advocated that such a movement should start right here in Canada, not in some distant country.

The member for Athabasca commenced by making a tribute to the late Charles Olin, who represented Wetaskiwin in the house, stating that his principal trait was that of his race, untiring and successful in his work.

War Was Unavoidable

"The dominant note of the speech from the throne," said Mr. MacKay," is war. I think I am voicing the sentiments of everyone within my hearing when I say that as far as Britain is concerned this war is justifiable and unavoidable."

He then went into the causes of the war, stating that its pretexts or excuses were not the real causes, and showed how not only had Great Britain, but also Russia, France, Belgium and even Servia, done everything within their power which would not infringe on their national dignity and integrity, to prevent the war or to submit the differences to arbitration, but all to no purpose, because of the militarism and despotism of Austria-Hungary and Germany.

Result of Despotism

"The present atrocities being committed by the Germans," he said, "the killing of women and chilaren and the cutting off of the legs and arms of defenceless people is but the natural result of the despotism of an over-mastering war-lord—the only logical result of brute force, and this war will have to be pushed till kaiserism is absolutely crushed and their kasier sent to St. Helena if necessary.

"Everybody in the British empire must stand as one adimantine wall to see that the contest is prosecuted to the end. We must say to the government and the king that we are behind them with all our resources.

"My only hope is that as soon as this war is ended, we shall be just as insistent in saying that steps must be taken looking to international, permanent peace.

Other Means Needed

"The establishment and maintenance of prodigious armies and navies has failed absolutely to stop war, as it was claimed it would by some and the civilized nations of the earth must take steps to see that some other means are adopted.

"One union navy should be established, with no national ones, to police the seas and all nations should see that this is brought about. Any nation which is not prepared to do this is not prepared to accept the sixth commandment, 'Thou shalt not kill.'

"Canada and the United States, which have lived side by side for the last 100 years in peace should be in a position to make a demand of the rest of the world that some compact be entered into guaranteeing world-wide peace and should lead the world in beating their swords into plowshares and their spears into pruning hooks."

J. G. Turgeon, the young but brilliant member for Ribstone, seconded the address, and, like Mr. MacKay, spoke highly of the late Charles Olin, also of the late Donald Baker, the efficient and popular clerk of the executive council.

Kaiser Does Not Know

Mr. Turgeon remarked that the kaiser, having been born and raised in despotism, could not understand the spirit of democracy, in which people from all parts of the British empire arose as one man to fight the battles of the allies.

"The greatest reason why there has been such a unanimous response to the call to arms," said Mr. Turgeon, "is that the people are free under British rule. Britain has always given self-government to the colonies and the result is the spirit of democracy which the kaiser does not understand.

Greatest in Galaxy

"There will be a great impetus given to Canadian trade and commerce, after this war, but even a higher reward than that will come and the time will be nearer when Canada will be the greatest in the galaxy of nations which form the empire."

After the mover and seconder had spoken, Edward Michener, leader of the opposition, rose amid applause and stated that it was the desire of those on that side of the house to expedite business and co-operate with the liberals. No matter how great were their political differences the things they had in common were greater still.

Should Welcome Belgiums

"Some of us," said the Red Deer man, "had thought the time had come when there would be no such war as the present one among civilized nations, and the human progress of the last 400 or 500 years must rule that kaiserism must be stamped out.

"I hope the dominion government will welcome the persecuted Belgians to this country to live in prosperity and peace."

He congratulated the mover and seconder of the address, especially on the fact that they had spoken about nothing of a partisan nature.

The premier was the fourth man to speak and began by complimenting all three former speakers.

New Condition Exists

"The present condition," said Mr. Sifton, "is entirely new to us. Although we are not touched by the war itself, business is put upon a new plane, which was not the case during the South African and Franco-Prussian wars.

"It is the duty of every man, no matter from where he comes, to do his part in this crisis, so that the independence of all the small nations will be guaranteed, without the need of big armies and navies."

ORCHESTRAL CONCERT FOR LOCAL WELFARE FUND AT MONARCH SUNDAY

The Edmonton Professional orchestra, under the direction of Harry Sedgewick and assisted by well known local singers, will hold a concert in aid of the Edmonton Welfare league fund at the Monarch theater Sunday afternoon, beginning at 2:30 p.m.

The entire proceeds of the collection are to be donated to the Edmonton Welfare league fund, and as a splendid program has been provided, it is expected that the contributions will make a substantial addition to the fund.

This orchestra has already given four Sunday evening concerts and patrons can be assured of having a fine entertainment in return for their subscriptions.

IMPORTANT LEGISLATION IS TO BE INTRODUCED--NOTHING LIKE MORATORIUM NECESSARY

The second session of the third legislature of Alberta got away to a good start Thursday, when Hon. A. G. MacKay moved and J. G. Turgeon of Ribstone seconded the address in reply to the speech from the throne. Leader Michener and Premier Sifton spoke on it, several other appropriate matters discussed and notices of the introduction of several important bills were given. The proceedings began promptly at three o'clock and were over about 5.30 an adjournment being made till next Thursday at 4 p.m.

"No moratorium or anything in the nature of a moratorium will be passed, as Alberta is in good shape, the municipalities are in good shape, notwithstanding the war, the farmers are in good shape, except in a few isolated cases, and the crops were never better than they are today." This rather significant statement was made by Premier Sifton, in explanation of three bills to be introduced by Hon. C. W. Cross.

Purpose of Bills.

With regard to these three bills Mr. Sifton further explained that they were mainly to prevent extra-judicial seizure of real and personal property in Alberta. These bills have regard to foreclosure of mortgages and bills of sale and seizure of real or personal property. Briefly, said the premier, they will provide for consideration of each case on its merits and do away with extra-judicial seizures, which are seizures without orders from some government authority, such as a judge or sheriff.

Hon. Wilfrid Gariepy will introduce a bill to tax wild lands within the province. It is stated that this tax will be five cents per acre per year and it is not known whether it will apply to all wild lands or not, such as C.P.R. and Hudson's Bay Lands on which ordinary taxes are not paid.

Hon. C. R. Mitchell, provincial treasurer will introduce legislation to raise general revenue for the government, to amend the Alberta Insurance act, the Provincial Loan act and regarding succession duties.

Railway Legislation.

Premier Sifton will bring in bills respecting the Edmonton, Dunvegan and B. C. and the Canada Central railways, the latter being a subsidiary of the former. It is expected that these bills will provide for the extension of the roads to or toward the western boundary of the province and for guaranteeing their bonds.

These are the more important government bills, while those introduced by private members are mostly in connection with railways already provided for by legislation or routine matters.

In reply to George Hoadley, of Okotoks, the premier stated that the only two new railways covered by the proposed legislation were the branch of the E. D. and B. C. from the main line to the town of Grouard and the branch of the Alberta Great Waterways from at or near Lac la Biche to the eastern boundary of the province.

Not Much Opposition

As expected, there was no opposition, the only semblance of same being when Mr. Hoadley asked the premier regarding the railway lines mentioned in the notices of motion. The member for Okotoks said that he did not wish to impede progress, but as that was the only time when they could find out anything about the routes of the roads or any other particulars regarding them, the members should know those particulars.

The premier told the house that the only new lines were the two above mentioned and promised that he would answer any questions later on, should any member ask anything about them.

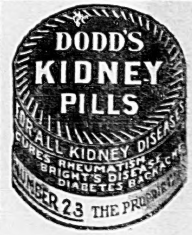

Edward Michener, leader of the opposition, said that the Alberta conservatives would follow the example set by the opposition in Great Britain and, even if the ythought that legislation passed might be better or was not in the best interests of the country, they would reserve judgement till later on.

Session to Be Short.

Premier Sifton in the same spirit declared that should the opposition agree to legislation introduced the government would not consider that their agreement was governed by their best judgment, but that criticism would be welcomed later on.

All signs point to expeditious work all through the session, and a short session. This being a regular session, it will have to last at least two weeks after the opening, as those bringing in private bills have till that date to do so.

Most of the members will go home for the holiday. Every opposition member was in his seat Thursday and all but one or two government members. The galleries were crowded and, although most on-lookers would like to see a lively session, with lots of debate, all were well pleased with the four excellent addresses given by Messrs. MacKay, Turgeon, Michener and Sifton.

GERMANS ROUTED IN CENTER; HAVE STARTED TO RUN

London, Oct. 9. (4:40 a.m.)—The Times correspondent south of the Aisne says:

"At one center—and that the most important—the British victory on the river Aisne is now complete. The Germans have evacuated their trenches, leaving in some of them, many soldiers who died from a severe visitation of typhoid. They left two of their heaviest guns in the quarries, heavily cemented in place.

"Two salient events marked the part of the fighting of which Soissons was the center.

"First, the capture by the allies of Fort Conde after a siege of 16 days and second, the remarkable slaughter by the British in the last of a series of German attacks.

"It is agreed that where ever the Germans have dealt severe havoc to the allies around this position their success was due wholly to a spy system. The allies soon found out that the Germans were able to diagnose their movements readily and instituted a systematic search for offenders. They captured seven spies, one of them a woman, who used electric flashlight signals from a window.

"It is not altogether true to say that that battle of the Aisne is over even now, but in the past few days considerable areas have been deserted by the Germans and great numbers of the allied forces were thrown forward."

VIENNA REPORT IS MORE THAN CHEERY

Says Austrians Have Made Further Advance and Repulsed Russians

Vienna, Oct. 9.—The following announcement signed by General Hoefer, deputy chief of the general staff, was given out at Vienna today:

"Our troops have made further advance and yesterday they repulsed the enemy on the road to Przemysl near Barycz west of Dynow. Przemysl has been recaptured and guns have been taken.

"In the battle of the river Vistula and river San we took many prisoners from the fleeing Russians.

"The renewed violent attacks on Przemysl were splendidly repulsed and the enemies dead and wounded were counted in the thousands.

"We have had victorious battles at Sziget in Marmomos county, Hungary, and in east Galicia. The landstrum and the Polish legionaries rivalled each other in gallantry."

Seize Food Supplies.

Paris, Oct. 9.—The French authorities have seized food supplies valued at between $1,500,000 and $2,000,000 which had been deposited on the docks at Havre by a German firm. The action was taken in order to prevent the supplies being sent abroad.

GERMANS HOLDING OUT IN FRANCE WITH IDEA FIRST TAKING ANTWERP

Paris, Oct. 9. (5:30 a.m.)—The suggestion is made in Paris this morning that the Germans are holding out with idea of taking Antwerp first and then retiring to a line of defense prepared in Belgium, as it is not possible for them to find reinforcements to counterbalance the fresh troops constantly coming to strengthen the allies.

The transfer of the seat of Belgian government from Antwerp to Ostend was not public in Paris until this morning; but even the fall of Antwerp will scarcely shake the French confidence in the success of the efforts of the allies to push the Germans back over the frontier.

NEARER A NEW CONCEPTION OF JUSTICE THAN WE THINK.

Newspapers of the stand-pat order and publicists of the ultra-conservative stripe, impatient always with those who imagine that reform can be accellerated by clamor, ask now, in derision, what has become of the socialist pacificators and why, with their internationalism, they did not avert this war.

To this the socialists are answering that while they did what they could—and failed—it is scarcely fair to single them out for responsibility and derision while other factors, equally foresworn to peace, have been as powerless. The Christian church, they point out, is equally international and yet, while its tenets sanctify peace, it has progressed so little toward the goal that its shibboleths are carried in the van of every army today and the makers of war cry out in every tongue that theirs is the cause which has favor with the prince of peace.

This much, at least, the socialists can claim, that of all the moving forces of the world today, theirs is the first to have given articulation and international solidarity to the protest against war. In extenuation of the socialists' failure to avert war it must also be admitted that the human mind, in the mass, moves very slowly. The people of the world have not, even yet, learned how to love one another, although the injunction is two thousand years old. To expect an economic philosophy, even were its soundness beyond contention and were its apostles in control, to revoke the jealousies of nationalism within a century, is expecting much indeed. But the socialist doctrine is admitted by only a percentage of the peoples of all nations, and of these it may be safely said that it is understood by not more than a handful, a disadvantage which makes it unreasonable to hold them responsible for a situation over which they have no control.

The great difficulty under which the socialists labor, however, is in attempting to picture a condition which, as yet, has no existence. Description being limited to knowledge to the thing sought to be described, accurate description of a condition which has no existence is manifestly impossible. Socialists flatter themselves that their propoganda is a science. As a matter of fact it has not progressed beyond being a yearning for a more even justice in human affairs. In the groping for expression with which to give their yearning the exactness of a decalogue, confused philosophies and stilted dogmas naturally evolve. Such is the experience of evolutions. It was thus in the thirty years' war, when the world shook with the convulsion of throwing off religious servitude. Luther tells of how, in his interpretation of the Bible, he labored for days to give expression to a single passage. Yet so exact a man as he fell into the error of devising rules of conduct and injunctions as to thought, thereby substituting one set of rules for another and one mental compulsion for another, oblivious, evidently, to the fact that the convulsion, of which he was at the vortex, derived its dynamic from the friction set up in the human mind against the incidence of rules and dictatorialness as to thought. Luther's error was understandable; in fact, inevitable. He lived in a world of rules and of mental compulsion. These he saw, and made more rules. The thing which the world required was not more rules, but less. He and his followers had—had they but known it—no quarrel whatever with those who embraced the creed against which they warred at the loss of millions of lives. This is manifest by the fact that the two creeds live side by side in harmony today, both having survived the deluge of blood, and having emerged with freedom, while granting it. The world sees now that the dogmas over which they fought were immaterial so long as each was permitted liberty of conscience, to espouse his own interpretation of that which suited him best, and freedom from persecution by adherents of any other.

To this condition the world has now largely attained. But such condition was not describable by the Baptists and Anabaptists who, having won victories which should have guaranteed freedom of worship, fought to the death about what constituted that freedom. With no basis from which to work, they were unable to formulate a plan which would stand the test of a condition hitherto unexistent.

Just so with the socialists in social politics. Their environment is a world of competative commercialism and capitalistic production; a world presided over by bosses. They see errors which are patent to all: enforced want in the midst of plenty; prodigal waste of human life in a scheme of production which guarantees no safety for even its beneficiaries; cruelties incurred through idolotry of a competition which the world's plenteousness makes superfluous; hineous sacrifices upon the altar of war.

These things they see and recognize as wrong. They seek change. To expedite the change, they hasten to contrive a theory of production. The theory, emerging from a surrounding of materialism, presupposes that the world's affairs can be ordered by a bureaucracy into systematic justice. A substitution of bosses. They ask the world, which does not understand that which few of them understand themselves, to accept the dogmatisms which buttress the theory. The world rails at them and—in the face of a world's war—mocks them with the ancient mockery: "Physician heal thyself," which, modernized, reads: "Yov have 110 votes in the Reichstag; stop the war."

Just as time has shown the confusion which marked the attempt to formulate into a broad toleration the yearning of the reformation, so time may show that the thing for which the socialists strive in the economic field is something entirely different and much simpler than the cut and dried bureaucratic scheme of production which they believe they want; something, quite possibly which—in a time such as the present—will creep into the world's consciousness in the form of a belief in the sacredness of the right of all people to construe their own environment and destiny. Such a belief, should it rise superior to boundary lines, might abolish the last vestige of might or title to inflict a will, a condition or an allegiance upon anyone. Such a belief would abolish war, except against the outlaws, and open the gate to liberty.

In view of the fact that it is some such ideal that is sending Britons to war, we may be nearer a new conception of justice than we think.

JOHN G. TIPTON EX-ALDERMAN OF CITY PASSES AWAY

Well Known Resident of South Side Dies Last Night After Long Illness

WAS MOVING FACTOR IN AMALGAMATION OF CITIES

Better Known as Judge Tipton. Came to Edmonton 20 Years Ago

With the passing of ex-Alderman John G. Tipton, of the Tipton Investment company, south side, who died early Friday morning after an illness of several months, Edmonton loses one of her most widely known and popular citizens. The late Mr. Tipton had been ill for some time and returned to the city last May after having spent the winter in California and the south. There he visited his sisters. While in the south Mr. Tipton enjoyed a 6,000 mile auto trip through California and other states and returned to Edmonton feeling much better but shortly afterwards was again taken ill and went to Mayo brothers' hospital at Rochester, Minn., where he underwent an operation for cancer of the liver. He returned to Edmonton the latter part of August and was so recovered that he was able to about in his auto, withinthe past two weeks, however, he gradually become worse, until the end came during the night. His wife and one of his sons, T. R. Tipton, were present when he died. His other son, Lieut. J. W. Tipton, of the 13th Alberta Dragoons, left for the war immediately after the return of his father in August.

The funeral will take place on Sunday afternoon at half past 2 o'clock.

J. G. Tipton was born in Fulton County, Illinois, in the year 1842, and was in his 66th year. In 1894 he moved to Alberta from Kansas and became actively interested in gold dredging on the Saskatchewan. For a short time during his residence on the south side he took up the practice of law as he had been a judge of the district court in Illinois. He later took up a homestead near Big Island and opened up a coal mine and on many occasions teamed the coal to Edmonton himself.

He was a moving factor in the amalgamation of the twin cities and was a member of the amalgamation committee and helped to engineer negotiations leading up to the agreement. He was a member of the Strathcona city council from 1908 to 1911, the year of amalgamation, and was elected to the first city council of the amalgamated cities as a representative of the south side. At the time of the election he was absent from the city but headed the pole for the south side candidates. During his last term on the council 1912 and 1913, he was one of the most popular aldermen. He was a public spirited man and took a firm stand for what he believed to be in the best interests for the community.

He is survived by Mrs. Tipton and his two sons, T. R. Tipton of the Tipton Investment company, Whyte avenue, and Lieutenant J. W. Tipton, of the 13th Alberta Dragoons. Four sisters and a brother are still living. They are Mrs. M. H. Meeker, of Greenwood, Neb.; Mrs. Clara Swigert, of London Mills, Ill.; Mrs. L. C. Sterling, of Gregory, S. D.; Mrs. Hannah Coombs, of Williamsburg, Kansas and Thomas Tipton of the Stock Exchange, Chicago.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

ANTWERP BURGOMASTER DETERMINED TO ASSIST MILITARY TO THE LAST

London, Oct. 9. (2:15 p.m.)—In a despatch from Ghent dated Thursday, the correspondent of the star transmits the following:

"An officer whom I met states that the bombardment of the cathedral at Antwerp had begun at the hour he left the city, which was 10 o'clock Thursday morning. Fire had broken out in many places. The Germans were using their 16 inch howitzers with terrible effect on the inner ring of forts but guns of smaller calibre were being employed for the destruction of the city itself.

"The airship which dropped a bomb on the law courts was subjected to a terrific fire and must certainly have been hit.

"The burgomaster of Antwerp has declared his intention of supporting the military in resisting to the last."

INSURING GOOD DIGESTION

Importance of Preventing Food Fermentation in Stomach

Good digestion usually means good health. So long as the stomach does its work priperly disease can find no lodgment in the human system; the liver, kidneys and intestines will perform their work perfectly and remain in perfect health; but permit anything to interfere with the proper digestion of food, an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid, usually caused by food fermentation. Food fermentation is due to chemical action in the food itself. This fermentation causes the formation of gas, or wind, as well as acid, resulting in the unnatural distention of the stomach and the burning by the acid of the delicate lining of the stomach.

eMdicine and tonics cannot relieve this condition—they usually make it worse. The fermentation and acid are to blame and these must be overcome and prevented by taking after meals a teaspoonful of bisurated magnesia in a little hot or cold water. Physicians recommend bisurated magnesia especially because it stops and prevents fermentation of food and neutralizes the acid instantly, making it bland and harmless, without irritating the stomach in any way. eGt a little bisurated magnesia from your druggist and try it the next time your food ferments and upsets your stomach. Note how quickly the acid is neutralized and how soon you forget that you have such a thing as a stomach.

ZEPPELIN BROUGHT TO GROUND BY DEFENDERS FLYING OVER ANTWERP

London, Oct. 9. (8:20 p.m.)—The Star's Antwerp correspondent telegraphing via Amsterdam says that eye witnesses of the Zeppelin air flights over Antwerp said that such craft was shot by shells of Belgian forts and fall to earth.

During the bombardment of Antwerp Thursday, it is estimated that shells fell at the rate of 20 a minute. Many civilians were killed.

GERMANS CONFIDENT OF TAKING ANTWERP WITH LITTLE DELAY

London, Oct. 9. (3:20 a.m.)—Telegraphing from Ostend, the Daily Express correspondent sends the following:

"The German plan for the reduction of Antwerp has carefully developed for many weeks past. The series of bombardments will not be begun when, in the opinion of the commandant, he is in a position to take the city with little delay. Emplacements for the big guns have been carefully constructed at the most advantageous positions. These guns were brought from Namur and Maubeuge. The Germans have a large number of them at their disposal."

A Few War Atlases Left---Get One Now

The world has never seen such a terrible war as is now raging in Europe. Millions are in the field, millions of women are at home sorrowing. The harvest fields are trampled by armed men riding to battle. Armored ships plow the seas with guns ready. Airships whirl through the air dealing death. A whole continent has gone suddenly mad.

It is almost impossible to read the moves of this war intelligently without the aid of the maps in a good atlas.

The Daily Capital Atlas contains colored maps of the world, Europe, Russia, England, Germany, France, Belgium, Servia, Austria, together with their colonies and possessions in all parts of the globe, also pictures of the principal leaders, battleships, submarines and Zeppelins.

Every man and woman in Canada is keenly interested in the outcome of this great war. The situation can be studied only with up-to-date clearly-defined maps, such as you will find in this war atlas. History is being made today as it never was made before.

The subscription price of the Daily Capital, payable in advance, to city subscribers is $2.00 for six months or $4.00 a year delivered at your door; to country subscribers by mail $1.50 for six months or $3.00 per year.

For every six-months subscription received while the supply of atlases lasts we will give one atlas free.

One who is now a subscriber may get one of these atlases by forwarding the price for a renewal for six months after the date his present subscription is paid to.

Better still, if a subscriber whose subscription is paid induces a friend to subscribe for six months to the Daily Capital we will forward each an atlas free.

WOMEN'S PRESS CLUB PRESENT ADDRESS TO MRS. ARTHUR MURPHY

The honors recently bestowed on Mrs. Arthur Murphy by King George were duly recognized by the Edmonton Women's Press club at a meeting held in the club roo mon Wednesday afternoon, when the following address was presented to Mrs. Murphy.

Dear Mrs. Murphy:

On behalf of the local branch of the Canadian Women's Press club, permit me to offer you our sincere and hearty congratulations on the high honor which it has pleased his majesty, King George, to bestow upon you. In conferring on you the title of Lady of Grace of the Order of St. John of Jerusalem, we feel that our gracious sovereign has not only recognized your exceptional abilities and the distinguished work you have done for Canadian literature, but has honored Canadian literary women in general and your sisters of the pen of this great western land of ours in particular. As president of the local branch of the Canadian Women's Press club, of which you are so distinguished and honored a member, and in the name of its officers and members, I again offer you our heartfelt congratulations.

With all good wishes,

Very sincerely yours,

MARGARET A. BEAUFORT,

President Edmonton branch, C.W.P.C.

Mrs. Murphy expressed her appreciation of the good wishes of the club in a few words of thanks, in which she stated that one of the greatest pleasures she derived from the honor, was the fact that so many of her friends shared the pleasure with her.

OFFICERS ELECTED FOR WOMEN'S BUSINESS CLUB

Miss Nellie Thompson, secretary of the Y. W. C. A., was elected honorary president of the Edmonton Business Women's club at its organization meeting Wednesday night. Miss Thompson occupied a similar position in the Metropolitan Business Women's club, Toronto, and will be a very helpful member of the Edmonton club. The officers are as follows:

President, Miss Dillow; vice-president, Miss Kells; recording secretary, Miss Bottomly; Corresponding secretary, Miss Daly; treasurer, Miss Russell; representative on the educational committee of the Y. W. C. A., Mrs King; convenor of social committee, Miss Fairweather; honorary members, Miss Lailey, and Mrs. Wanless.

Other committees will be formed and members added to the executive at a later meeting. The first luncheon will be held in the Y. W. C. A. clubroom on Wednesday, October 14, when it is hoped that any business women desiring to join, or to learn more of the objects of the club, will attend. Luncheon will be served at 12 o'clock, and the club is arranging to have some prominent speaker give a short address.

ANNUAL MEETING LOCAL SECTION ALPINE CLUB OF CANADA ON WEDNESDAY

The second annual meeting of the Edmonton section of the Alpine club of Canada will be held in the lecture room on the second floor of the Victoria high school, corner of 105th avenue and 102nd street (Churchill avenue and Second street, on Wednesday evening, October 14 at 8 o'clock. The Edmonton section will then be organized for the ensuing year, and the officers and committees will be elected.

Every member of the Alpine club of Canada is entitled to become a member of the Edmonton section upon payment of the annual fee of $1. This fee is payable at the annual meeting.

Every man who is wedded to his ideal is more or less henpecked.

WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is totally free from harmful drugs.

BERLIN OFFICIAL REPORT STATES NO DECISIVE ACTION

Claims Small Progress at St. Mihiel and in the Argonnes

London, Oct. 9—(8.20 a.m.)—The official communication of the German general staff given out at Berlin in the evening of October 8 is contained in a Reuter despatch from Amsterdam. It says:

"From the western scene of war no facts of decisive importance can be mentioned. Small progress has been made near St. Mihiel and in the Argonnes.

"Before Antwerp, Fort Breendonk (to the south of Antwerp) has been taken and the attack on the inner fort line has been started there. The bombardment of the quarter of the town lying behind was begun after the declaration of commander of the stronghold that he took the responsibility.

"The airship hall at Dusseldorf has been hit by a bomb thrown by a hostile aviator. The roof of the hall was pierced and the cover of an airship in the hall was demolished.

"In the east the Russian column is marching from Tomza (Russian Poland) and has reached Lyck (in east Prussia, just beyond the frontier and almost directly west from Augustowa)."

WONDERFUL ENDURANCE OF RUSSIANS IN FIGHT NEAR TOWN OF OSSOWITZ

London, Oct. 9—The Post Petrograd correspondent tells a story of the great endurance of the Russians in the fighting before Osowitz in Russian Poland.

"Colonel Martinoff," the story runs, "remained for three days and nights of a specially erected post of observation to watch and direct the artillery fire. He was wounded by a bullet but refused to descend, and it was only when the German artillery was silenced by a combined charge of cavalry and infantry in a flanking movement that he telephoned his last instruction to the battery and fell asleep, being found at his post when the pursuit ended."

ANOTHER SUCCESSFUL AERIAL RAID MADE BY ALLIES IN COLOGNE

London, Oct. 9.—According to a Central News despatch from Amsterdam, another aerial raid has been made by the allies on Cologne and Dusseldorf, both important German Zeppelin airship basis. The telegram follows:

"A despatch from Cologne states that a hostile aeroplane threw bombs at the Zeppelin hangers at Cologne and Dusseldorf on Thursday afternoon. The former was uninjured but damage inflicted at Dusseldorf."

FRUIT LAXATIVE FOR SICK CHILD GIVE "CALIFORNIA SYRUP OF FIGS."

Cleanses tender little stomach, liver, bowels without injury.

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without gripping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhea, indigestion colic—remember a good liver and bowel cleaning should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other fig syrup with contempt.

AT ONCE! PAPE'S DIAPEPSIN STOPS INDIGESTION, GAS, SOUR STOMACH

Don't Suffer! Here's the quickest and surest stomach relief known.

Time it! In a few minutes all stomach distress gone. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach doctor in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know it is needless to have a bad stomach.

Get a large 50 cent case of Pape's Diapepsin from any drug store and put your stomach right. Stop being miserable—life is too short—you're not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without fear of rebellion in the stomach.

Pape's Diapepsin belongs in your home. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement, it is handy to give instant relief.

What the Theater Press Agents Say

"STOP" THIEF AT EMPIRE HAT GOT THE PUNCH.

"Stop Thief," presented by the Players in the Empire theater last night has got the punch. There is action from the rise of the curtain until the fall at the conclusion of the last act. Better than all the capable artists handle it with their usual "ginger" and go. Carlyle Moore, the author, in conjunction with Guy Harrington, Miss Brandt and the other members of the company have a lot to answer for. The situations are so decidedly funny, the conversations so clever and witty and the stars make so much of their possibilities that the members of the audience are liable to get a kink in their several anatomies from laughing which are liable to take a great deal of straightening out.

The cake must be handed to Theo Johnston again. He gets around the difficulty of a cramped stage so that it is not noticeable and he makes the most of the piece, which by the way is saying something.

Imagine a kleptomaniac, a man who is thoroughly convinced that he is a kleptomaniac, a lady's maid who is a clever thief and her lover who is a lovable though crooked confederate mussing things up in a house where a wedding is about to take place. All the wedding presents are "pinched." The police are called on the scene, but Deegan (Guy Harrington) and Nell (Miss Brandt) bluff them for a long time as to the identity of the real thieves. The inevitable, however, happens and to the close of the third scene the audience begins to get a feeling of disappointment that the hero and heroine are about to be pinched. The tables are turned, though, and it is with a feling of relief that the audience sees the couple make a clever get-away. The police are put on the wrong scent but the family again catch the couple. The kleptomaniac and the supposed one are so relieved at finding that they themselves are not guilty that there is forgiveness all round and triple wedding.

It would be unfair discrimination to pink out any member of the company for praise. All were at their best. There was no stumbling in lines as is usual with the average stock company and the setting was excellent. Guy Harrington and Miss Brandt have added to their popularity by the production and the managing director has deservedly gained the confidence of the theater-going public here. There was a more encouraging attendance but it is safe to predict that it was not so large as those for the remaining performances.

MUSICAL PLAYWRIGHT AT THE PANTAGES

For several weeks friends of Albert Weaver-Winston, the director of the orchestra at Pantages theater have noticed that he has been strangely missing from his usual haunts. After every performance he has been silently stealing away without saying a word to anyone and last evening a group of his friends made a raid on his room and there found him bending over a table, a green shade over his eyes working industriously over a piece of music. A few minutes passed without anyone saying a word and then, Mr. Winston threw down his pen, sighed one of those long drawn sighs of relief—took up his copy, placed it in an envelope and looked to see who his friends were. But the story is simply this. About two months ago Mr. Winston saw the possibility of taking that grand old opera, "Caveleria Rusticana," and placin git in tabloid form so that it could be produced on a vaudeville stage. For the last two months he has been working hard at it and last night he threw his pen away satisfied that it was finished. He has taken the opera and condensed it into a 30-minute tabloid, so that it can be handled by a company of four principal singers and an orchestra of six. Although apparently cut to pieces from the laymans point of view he has managed to tell the entire story in the short time alloted.

Mr. Weaver-Winston has taken the matter up with several theatrical magnates in the east and has made arrangements to have it produced. He hopes that sometime in the near future it will play over the Pantages circuit.

THOSE SOUTHERN BOYS WILL BE HERE MONDAY

Reputation is a great thing, but once made it cannot be neglected and left to rest on its laurels. It must be carefully nurtured.

Richard and Pringle's Famous Georgia minstrels made their reputation years ago to be exact, and that reputation has been most zealously guarded ever since. It seems as though the acme of perfection must have been reached by them years ago, but each season they bring a still better show.

The press in the territory where they have appeared this season is loud in their praise, and when these talented colored boys start the fun rolling at the Empire theater on Monday, we may expect to sit up and take notice.

They will arrive early that morning and promptly at noon will parade the principal streets, and Simpson's Challenge band, which accompanies them, will give one of their splendid concerts.

"LIFE'S SHOP WINDOW" AT LYCEUM NEXT WEEK

Everybody has heard of Elnor Glyn, the English authoress who gave the reading public "Three Weeks," "One Day," and "Life's Shop Window," novels the sales of which ran up into hundreds of thousands. The first named made a luke-warm play, the second, a miserable play as dramatized by Cecil Spooner, but the third, the only one of the trio that contains lines that are worth while and situations that really interest, has been made into a play of sufficient continuity to provide two solid hours of good entertainment of the melodramatic flavor.

"Life's Shop Window" will be presented for the first time in Edmonton, at the Lyceum theater next week with the members of the Lyceum stock company in the numerous roles. Several opportunities for first class characterization are afforded the various players, who are expected to make the best of their chances.

A special Thanksgiving matinee will be added to the week's performances.

DRAMATIC AND FUNNY FILMS AT EMPRESS.

"Mother Penitent," a three-reel special feature production, is the attraction leading the program at the Empress theater for showing Friday and Saturday. It is a vividly produced film replete with many strong scenes of stirring action and pathetic appeal and, for this reason, it is a picture that will please about every class of motion picture fan. The settings of the picture are furnished by the famous Miller Brothers, 101 Ranch, and the many hundreds of cattle, cowboys, cowgirls, and full equipment of western accessories are perfect. A riotously funny comedy film is "The Fenale Cop," which also appears on this bill.

VERSATILE BILL AT BIJOU FRIDAY NIGHT.

The Bijou has amateurs Friday night. Not only that, but in addition the Bijou management has arranged a ladies' Nail Driving contest, offering a prize to the lady who first succeeds in driving a large nail into a board. It is by request that this novel and likable stunt is put on. A number of good entries have already been presented.

Manager J. B. Hazza also states that some good amateur acts have been arranged for and much good entertainment can be expected.

The photo-play bill alone deserves much praise for it is indeed an excellent one.

The Gaumont Graphic completes the evening's entertainment. Perhaps no other moving picture weekly furnishes so many news events as does this one. Practically the whole of it will be devoted to news items, in movies, of the war. The film has just arrived from Europe.

EFFORTS TO OPEN DARDANELLES ONLY PROTECT COMMERCE

Hindrance Caused by Turkey's Action Make Step Necessary.

Washington, Oct. 9.—Efforts to be made by Great Britain, France, and Russia to open the Dardanelles as announced in a proclamation by the Russian minister were said at the Russian embassy today to have only a commercial purpose. The great hindrance to commerce caused by Turkey's action in closing this channel into the Black sea, was stated by embassy officials as making the proposed step necessary. Russia, it was explained, was not able to ship its wheat to England and other markets where it would be going normally while the United States now unable to use any of the Baltic seaports into Russia, if the Dardanelles were open, might find entrance for its cotton goods and other products to Russia through Black sea ports. Russia, the official insisted, had no desire to gather her fleet into the Mediterranean as it was needed there.

STORIES OF ARRIVAL CANADIAN TROOPS BE WELCOMED BY BUREAU

London, Oct. 9.—The official press bureau has informed the newspapers that descriptive stories of the arrival of the Canadian troops will be welcomed—welcomed, not merely permitted. The press bureau indicates a number of matters in connection with the arrival concerning which, no correspondent, quite properly, may make any record, but except on these points, it would seem at first blush that the press bureau is ready to fling open wide th efield of news gathering.

RECORDS ARE BROKEN AT EDMONTON SCHOOL SPORTS

Athletic Meet is Held at Last, After Many Postponements—Jesse Jones Takes 1 2-5 Seconds Off 220 Yards. Charlesworth Wins Hurdles.

The Edmonton school sports, which on several occasions had to be postponed on account of inclement weather were held yesterday in the Exhibition grounds. There were many children and their parens present and all of them enjoyed themselves thoroughly. The newsboys' band was on hand and from time to time rendered suitable music.

Notwithstading a rather heavy track some good time in the races was made, three former records going by the board and on a thoroughly dry track it is probable than an even better showing would have been made.

Jesse Jones annexed the 220 yards in 23 3-5 seconds, 1 and 2-5 seconds faster than the former High school record. The Victoria high school relay team broke the old record easily, travellingthe half mile in 1:44 1-5 minutes, nearly ten seconds better than the previous mark. G. Charlesworth took the junior public school hurdles in 16 4-5 seconds, two seconds faster than the old mark.

Jesse Jones won the 100 yards race for high school pupils after being given a hard run by E. Swailles. The Ramsey cup, emblematic to the senior public school championship was won by F. Dickie, Queen Alexandra school, the R. Record cup for junior public school individual championship was taken by A. Turnock, Queens avenue school, and E. East won the Alec Taylor cup for senior high school pupils.

Queen Alexandra school won the public school championship banner and the Victoria high school annexed the high sch ool championship shield.

After keen contests the Queen Alexandra school and the Strathcona high school won the basket ball games.

The meet was capably handled by Capt. C. K. Flint, G. R. Jackson and their staff of assistants and they are to be congratulated on the way they handled such a long program without a hitch.

ARCHIE KAY WINS EMPIRE TOURNEY

Defeats George Sharp 50 to 48—Latter Made Runs of 5, 5 and 4.

By defeating George Sharp, last night, by the score of 50 to 48, Archie Kay won the Empire three cushion billiard tournament and the city championship. The final standing of the leaders in the tournament was: Kay, first; Young, second; Sharp, third; Beresford, fourth.

Last night's game was close all the way. Kay took the lead from the start and rolled up eight points ahead of his opponent. By brilliant playing, making two runs of five, Sharp overcame the lead and was ahead until the 47 mark was reached, when Kay passed him with a pretty run of three. Sharp scored one in the next inning but on the second shot made a bad kiss; leaving a natural on which Kay scored, winning the game.

Kay's victory was a popular one and at the end he was warmly congratulated. Sharp played in hard luck and missed shot after shot by a hair's breadth. He made the high runs of the game, scoring five twice and one run of four.

William Kelly, the referee was kept busy during the game owing to the large number of close shots. The score:

Kay, 50; high runs, 5-3.

Sharp, 48; high runs, 5-5-5.

VETERAN DRIVER GUIDES WINNER OF TRANSYLVANIA

Etawah Captures Stake of $5,000 With Pop Geers in the Sulky

Lexington, Oct. 9.—The 25th renewal of the Transylvania stake was yesterday won by Etawah, driven by Gears and owned by F. G. Jones. The record for the stake of 2.04 1-4 made by Penisa Maid, in 1909, was beaten in each heat, reducing Etawah's own world record for a three-heat race made last week at Columbus. Omar and Star Winter were the contenders. William failed to beat his four-year-old world's record of 2.00.

MANY HOLDOUTS AMONG PLAYERS

Jack Laviolette of the Canadiens is One—Will Try Motor Racing

Montreal, Oct. 9.—Jack Laviolette, the brilliant cover point of the Canadians, is the latest recruit to the ranks of the hockey holdouts. Laviolette stated yesterday that he has returned his contract signed to Manager George Kennedy. He said he had been offered a reduced salary and would not accept, and added that he could make more money out of auto racing than playing hockey at the terms offered him. Laviolette has had a successful lucrative season at the wheel of his 60 horsepower Mercer car, meeting all comers throughout Quebec and New England.

He said that it was not unlikely that he would continue racing all winter ,as his services are in great demand on the southern circuits. Laviolette's daring deregard for life and limb have made him a big drawing card wherever auto racing is popular.

"I can make more money racing than playing hockey at the figure offered me," Laviolette added. "Of course, the risks are greater, but the profits are larger. As a matter of fact, although I have had lots of spills this year, both from motorcycles and from my car, I have not once been injured so seriously as in hockey last winter."

The list of hockey holdouts from the Canadians now includes Laviolette, Jimmy Gardiner, who manager the team last year, and Harry Scott, the brilliant forward. Gardiner has already sent his contract back unsigned, after being offered a lesser salary than he received last year. Scott is in Fort William and has not yet received his call, but he is reported to have demanded a higher salary.

NEW YORK GIANTS WIN AN EXCITING GAME FROM YANKS

National Leaguers Take Game in Tenth—Matty and Keating Hit Hard

New York, Oct. 9.—Bescher's triple and Doyle's following single in the tenth inning gave the New York Nationals a 6 to 5 victory over the New York Americans in the opening game for the Manhattan championship here yesterday. Both Mathewson and Keating were hit hard. Bunched hits on Mathewson gave the Americans a three run lead over the Nationals in the sixth. The Giants hit well in the seventh and regained a lead, only to have the Highlanders tie it up in the ninth.

Sox Win

Chicago, Oct. 9.—The local American league team evened up the series for the city championship yesterday by winning when Cheney weakened and lost control. After he had retired two batters on strikes, Weaver singled. Cheney attempted to catch him off first base and threw to the stand. Blackburn singled and Weaver scored the winning run. The game was clinched when Zimmerman fumbled Collins' grounder, Cheney made a wild pitch and Fournier doubled.

WEATHER IN PHILADELPHIA FAVORABLE FOR BASEBALL

Day is Partly Cloudy and Temperature is Just Right—Both Managers Have Announced They Will Use Strongest Line-ups.

Philadelphia, Oct. 9.—Weather conditions this morning were favorable for the opening game between the Boston Nationals and the Philadelphia Americans for the baseball championship of the world. The play was partly cloudy with occasional bursts of sunshine. The temperature is just right for baseball.

Both managers have announced that they will open the series with their strongest available line-up and with every player in perfect physical condition for the contests. With the exception of Deal, at third base in place of "Red" Smith, who broke his leg in Brooklyn on Tuesday, the Boston club will take the field in the order in which it played during the closing weeks of the National league season. Every member of the Athletics' machine is ready to defend the championship won in the series against the New York Giants last autumn. Some doubt was expressed early in the week regarding the ability of McInnis to play first base, owing to a bruised hand, but the stocky initial sacker reported in perfect condition for practice this afternoon and said that he was as fit for the series as any of his team mates.

So far as the general wagering is concerned, the American league club is a topheavy favorite. Few big bets have been recorded but in the small wagers the Athletics have been quoted at odds ranging from 2 to 1 to 10 to 7.

GERMAN ALLEGATIONS REGARDING MINES ARE BRANDED AS UNTRUTHS

London, Oct. 9.—The Chronicle, referring to the German official wireless statement of British mine fields in the North sea, says:

"This is deliberately false. The British mine field does not close the channel or free way to any sea route. It leaves open the whole space from Ramsgate to Goodwin Sands, including Downs Roadstead. It leaves the route free to the Belgian coast and, of course, all the ports of Netherlands, to all English ports, and from the north to the south between the straits of Dover and the whole of the North sea west of Kentish Knock and the whole ocean to parallel 51.40, nearly opposite Burnham-on-Crouch."

Guilty of Manslaughter.

Moosomin, Oct. 9.—John Nonly was found guilty at the fall assizes here of manslaughter in connection with the death of Mrs. Spogen, an Indian woman at White Wood. He was remanded for sentence until Saturday morning.

Employment for Twenty Thousand.

Montreal, Oct. —Not only will the city of Montreal give twenty thousand men employment for six weeks from November 1 next, but these men will get an increase of 25 cents a day, $2.50 a day.

Trip for Cole

New York, Oct. 9.—"King" Cole, the elongated and erratic pitcher of the New York Americans, who took the measure of the Athletics last Tuesday won by that performance a trip to the Pacific coast and Honolulu with Connie Macks All Star cast. Boone of the New York, has also been invited.

BOSTON LEADS ALL OTHER MAJOR LEAGUE CITIES IN PENNANTS WON

Hub City Has Captured No Less Than 17 Tapering Flags All Told—Took Their Last National Championship in 1897.

New York, Oct. 9.—In view of the great fight the Braves are making to win the National league pennant it may be of interest to know that this club won the championship in 1872, 1874, 1877, 1878, 1883, 1891, 1892, 1893, 1897 and 1898. Other pennants were won by the Boston Brotherhood club in 1890, the Boston and the Boston Red Sox in 1903, 1904 and 1912, the Red Sox also capturing the world's series from the Pirates and Giants respectively in 1903 and 1912. Boston, therefore, leads all other major league cities with seventeen pennants won in major league company.

The victorious Boston teams of 1872, 1873, 1874 and 1875 played in the National Association, which became the National league in 1876. Among the noted players who wore Boston uniforms in those days were A. G. Spalding, Cal McVey, Rom Barnes, George Wright, Harry Wright, Andy Leonard, Mack Manning, John O'Rieke and Jim White. The first Boston team to win the National League pennant in 1877 was made up as follows:

Tom Bond, pitcher; Low Brown, catcher; Jim White, John Morrill, George Wright, Ezra Sutton and Andy Leonard, infielders; Jim O'Rorke, Tim Murnane and H. Schaefer, outfielders.

The champion team of 1878 included Bond, with the famous Charley Snyder behind the bat. The basemen were Worrill, Burdock and Sutton with Wright at shortstop, and Leonard, O'Rorke and Manning in the outfield.

Came From Behind in 1883.

In 1883, the Boston, under the management of Morrill, who played first base, won the flag after coming from nowhere in the last half of the campaign, Morrill had two great pitchers in Jim Whitney and Charley Buffinton, with Mike Hines and Mertie Hackett behind the bat, Burdock at second, Sutton at third, Sam Wise at short and the outfield guarded by Joe Hornng, Paul Radford and C. Smith, who is now a Supreme Court Judge in Pennsylvania.

The late Frank G. Selee, one of the best managers that ever sat on the bench, handled the champion Beaneaters in 1891, 1892, 1893, 1897 and 1898. Selee's first pennant winner was composed of Clarkson, Nichols and Staley, pitchers; Bennett and Ganzel, catchers; Tucker, Quinn and Nash, on the bases; Long, shortstop; Lowe, Brodie, Stovey, Mike Kelly and Martin Sullivan, in the outfield.

Selee's men, with Stivetts added to the pitching staff and the placing of Hugh Duffy and Tommy McCarthy in the outfield to help out Lowe, presented almost the same line-up in 1892. Cliff Carroll supplanted Lowe in 1893, while Kelly was released and a new catcher named Merritt was signed to aid Bennett and Ganzel. Lowe was assigned to second base in place of Quinn.

The victorious Bostons in 1897 included Nichols, Klobedanz, Lewis and Lake, catchers; Tenney, Lowe and Collins, on the bases; Long and Allen, shortstops; Duffy, Billy Hamilton and Chick Stahl, outfielders. Selee had the same team in 1898 with the exception of Ganzel, Lake and Allen, Vic Willis, a pitcher, and Yeager, a catcher, were added.

When Irwin Was Chief.

That was Boston's last National league pennant winner. For several years later Selee left the club and started to handle the Chicago Cubs. Oddly enough, Stallings, like the lamented Selee, is a bench manager, employing many of the latter's successful methods.

Arthur Irwin was the manager of the Boston Brotherhood champions in 1890. The roster included Radborne, Gumbert, Daley, Kilroy and Madden, pitchers; Mike Kelly, Murphy and O'Brien, catchers; Brouthers, Quinn and Nash, basemen; Irwin shortstop; Hardie Richardson, Tom Brown and Stove, outfielders.

The Boston Association team in 1891 also was managed by Irwin who sat on the bench and handled Maddock, Buffinton, Daily, Griffith and O'Brien, pitchers; Kelly, Murphy and Duke Farrell, catchers; Brouthers, Stricker and Bill Joyce, basemen; Radford, shortstop; Richardson, Brown and Duffy, outfielders.

Jimmy Collins led the Boston Red Sox to victory in 1903 and 1904. His players in 1903 were Cy Young, Dineen, Winters and Gibson, pitchers; Criger, Farrell and Jake Stahl, catchers; Lachance, Ferris and Collins, basemen; Parent, shortstop; Dougherty, Chick Stahl and Freeman, outfielders; in 1904 Collings added Jesse Tannehill to his pitching staff and supplented Dougherty with Selbach. Otherwise the team remained unchanged.

The world's championship Red Sox of 1912 were made up of Joe Wood, Hugh Pedlent, Hall, Pape, Collins, Cicotte and O'Brien, pitchers; Carrigan, Cady and Nunamaker, catchers; Jake Stahl, Engle, Yerkis, Wagner and Gardner, infielders; with Hooper, Lewis, Speaker and Henriksen in the outfield. Stahl was manager.

TIMES SHOULD BE GOOD IN ALBERTA, DECLARES WELL-KNOWN MERCHANT

"There is absolutely no reason why times should be hard in Alberta," declares A. Cristall, the well known merchant and property owner, and an old-timer in Edmonton, who has just returned from a trip to southern California.

"If you people would not hide yourselves and be so afraid of everything there wouldn't be hard times, either. Times should, on the contrary, be good in Edmonton and this district, notwithstanding the war.

"All we need here is a little optimism and ginger."

Mr. Cristall is an advocate of having business men in at the head of the city government.

REGINA SCRIBES FULL OF PRAISE FOR JIM FLEMING

Western Canada League President is Very Popular in Regina.

Jim Fleming appears to be in pretty solid with the Regina baseball fans and scribes and they cannot say too many nice things about him. Here is a sample eulogy taken from the Regina Province:

At the close of the meeting of the Western Canada league which was held in Medicine Hat on Thursday, President Fleming made a few remarks regarding criticism which had been made on his administration. The president stated that criticism made no difference to him, and would not in the future.

This brings us down to the fact that, after all, President Jim Fleming is by long odds the best and most efficient president this league has ever had. No doubt he may have made a few mistakes, no one is infallible. He may have rendered decisions that did not suit some people, but as a general proposition his work as a president has been so much better than we are accustomed to that he should be returned to office by an unanimous vote.

Not the greatest doubter of all will deny that the league has improved at least one hundred per cent. this season. He has treated each and every club alike, and it is impossible to make a charge of favoritism against him.

To illustrate the above it is only necessary to mention one incident that happened. Every fan here will remember when Herriott slammed Umpire Becker for that awful decision on a bunt by Harris. The decision was wrong, everyone knows, but nevertheless Herriott was not justified in hitting the paid official of the league. A report of all the circumstances surrounding the affair was made to President Fleming. At that time Medicine Hat and Regina were both contenders for the pennant.

While President Fleming would have been perfectly justified in suspending Herriott for his offence, he let him off with a fine of $70 all told. Had he suspended him, the would have been an immediate cry that he was favoring Medicine Hat, but his action in the premises proved that he was on the square with every club.

The chief objection to Fleming the past year has been in Calgary and Edmonton. This seemed to be on account of the fact that Fleming insisted on keeping Umpire Wheeler on his staff of arbiters. Wheeler had become "persona no grata" in those cities, and then demanded his expulsion. The president stated time and again he was satisfied with Wheeler's work, and kept him till the end of the season.

Several players well known here have stated that Wheeler was the best umpire in the league, and if their words count, then Fleming's choice was justified.

Better Ball Than in Northern.

Under Fleming's regime the class of ball has been put on an exceedingly high plane, and this has been proven by the small number of men who have made good here. Many and many a person who has seen teams of this league and the Northern league in action, state that the clubs are far stronger than in Burmeister's loop, although the latter league has C classification.

Again the protests have always been handled in a business-like manner, and whether the decision was in favor or against us, everyone must acknowledge that a decision was given without any reservation.

Elect Him for Thre Years.

He has had much experience in baseball. He knows the game thoroughly, and last year's experience will give him a basis to work on in 1915. Under Ban Johnson, the American league is improving every day. One executive, if he proves his worth, should be returned to office. That is the case with Fleming. The league is on a solid basis now. He should be returned unanimously, not for one year, but for three years, and at the end of that length of time, if he has done his work as well as in 1914, then he should be given the job for five years, providing, of course, that he accepts it.

His work in 1914 is ample evidence that he is an efficient president, and three years should be the length of his next term.

One Thousand Applicants.

Regina, Oct. 8.—Already in Regina over one thousand applications have been received for the second Canadian overseas contingent.

GIANT BLAMES FEDERALS FOR LOSS OF FLAG

Claims Players Were Dissentious Account of Outlaws Being in Field.

Although McGraw did not lose a player to the Federals this season the three-times champion of the National league is blaming the outlaws for his failure to grab a fourth flag. Frank Chance, out, if not down, as a big league manager, is likewise a sufferer, as are Joe Birmingham, Wilbur Robinson, of the Dodgers, and others.

Their assertion is that, with the Federal menace hanging over their heads, they were not managing their clubs—the clubs managed them. Their players, those who did remain, secure in the possession of ironclad contracts without 10/day clauses, lorded on their jobs. They could not be driven.

"With the Federals in the field it has been impossible to have discipline," said McGraw recently. "You have to handle the men with kid gloves. If you go after one of them you are in danger of losing a player, and the older ones are the worst of the lot. They will tell you they have done a lot for you, and you have no right to come back at them."

Frank Chance hit the nail on the head when he said:

"With the Feds in the offing discipline is gone. You tell a player to do something. He does something—else."

It has been asserted that Wilbur Robinson has been managing a team in a real state of mutiny much of the time this year. Starting out with great prospects, his players refused absolutely to take orders from him. Dissension in the Cleveland ranks found Birmingham in the same boat. He sat by helplessly until his team was so far behind it did not make any difference what happened.

In baseball, as in any other jobs of life, men do their best work when they fear some one will replace them if they don't. The Feds removed this spur, and organized baseball sufieded.

"SEE WHAT YOU GOT" INCENDIARY'S NOTE TO MAN BURNED OUT

Winnipeg, Oct. 9.—"See what you got," read a message received by J. A. Banfield whose furniture warehouse was burned yesterday under suspicious circumstances with a loss of about $40,000. The message came by mail and is being investigated by the police, who suspect that the fire was incendiary and had its origin in an attempt at revenge by confederates of Alexander Stewart, who an hour before the fire started was sentenced to five years imprisonment for sending Mr. Banfield threatening letters.

German Fire Slackening.

Tokio, Oct. 8.—The following official despatch was issued here last night:

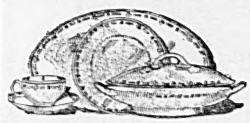

"At Tsing Tau the German fire is slackening. During the fighting the rope holding a German captive balloon was cut and the balloon floated away."

After German Cruiser.

New York, Oct. 9.—Captain Barrett, of the royal mail steam packet Cravas, which arrived Thursday from the West Indies said that the British cruiser Berwick and the French cruiser Conde coaled at Kingston last Friday and left to pursue a German cruiser reported coaling at St. Andrew Island off the Honduras coast.

FARMS FOR SALE

160 ACRES, clay loam, fenced, frame house, good well, stable, 26 acres under cultivation, $900 cash, $900 easy payments at 5 per cent; for particulars apply 11033 Kinistino avenue. P.N.R.

FARM FOR SALE AND RENT—WILL sell 160 acres, about 50 acres under cultivation, fair buildings, good well, all fenced, all steam plowed land; also rent the adjoining 160 acres with equal improvements, situated 60 miles east on main line of G.T.P. and only 2½ miles from town. Any person with a reasonable amount of cash will get a good chance to get a good home. Apply owner, 429 Oak ave. OAE-TF

SECTION 21-49-11-4—11 MILES FROM Innisfree on the C.N.R., and 18 miles from Viking on the Grand Trunk Pacific. The Lloydminster-Revelstoke line of the C.P.R. will give a town much nearer than either of these. This land is on the shore of Lake Alice, a deep and pretty body of water giving this property a mile of lake front. The lake cuts into the section, leaving 394 acres of the possible 640. The entire 394 acres lays in a body, is all fenced and cross-fenced, has 110 acres broken, no waste land, level, high and dry, no stones, one and one-half miles from school, and has a strong flow of water both summer and winter from a living spring. Price $14.50 per acre. An important consideration is the fact that it is possible to secure a homestead within five miles of this land, thus making it possible to prove up on 160 acres free of cost without occupying other than the farm above listew. INTENSITY OF GERMAN ATTACK INDICATES PLANS BEING CHANGED

London, Oct. 8.—The intensity of the German attack on the city of Antwerp is taken in some quarters to mean that the Germans are preparing a second line of defence stretching from Antwerp to Brussels, Namur and Metz, upon which they can fall back on in event of reverses on their present line in the north of France.

All of Europe's literary big guns are booming.

NOTICE

Red Deer, Alta., Oct. 1, 1914.
In the Matter of the Estate of A. M. Anderson, Insolvent, Banff, Alta.

NOTICE is hereby given that the above named Insolvent, A. M. Anderson, who has been carrying on business as General Merchant in the Village of Banff, Province of Alberta, has made an assignment of his estate to me, for the benefit of his creditors, under the Assignments Act of the Province of Alberta.

All persons claiming to be entitled to rank must file their claim accompanied by Statutory Declaration, with Jas. A. Markham, 706 Tegler Block, Edmonton, Alberta, on or before the Twentieth day of November, A.D. 1914, after which date I will distribute the assets thereof, having regard to those claims only of which I then have received notice.

JOHN MALCOLM,
Official Assignee.

NOTICE

TAKE NOTICE that the Alberta & Great Waterways Railway Company intends to apply at the next coming session of the Legislative Assembly of the Province of Alberta for an Act to amend Chapter 48 of the Statutes of Alberta 1909 being an Act to incorporate the Alberta & Great Waterways Railway Company by providing that the Company may lay out, construct and operate a line of railway of the gauge of four feet eight and one-half inches (4 ft. 8½") from the vicinity of Lac La Biche in a general south easterly direction to the eastern boundary of the Province.

DATED at EDMONTON, Alberta, this 28th day of August A.D. 1914.

HOUSE THAT JACK BUILT SURE HAD NOTHING ON THIS!

Amy Keane's Residence Proving a Regular Gold Mine For Local Lawyers.

LATEST LEGAL TANGLE CHARGE OF PERJURY

South Side Literary Lady Alleges Contractor Did Not Stick to Truth.

Keane vs. Cragg, a familiar case in the Edmonton court house, both high and low, for the past two years, was again the bill of fare dished up in the police court on Thursday morning, Cragg facing a charge of perjury.

In the year 1912 Cragg, a contractor, built a house for Mrs. Amy Keane, and when the building was nearing completion Mrs. Keane paid him, after getting an affidavit to the effect that all bills outstanding against the material used had been paid. Later, Mrs. Keane alleges, accounts were sent to her by persons who supplied building material, demanding that she settle. On this ground she claims that Cragg perjured himself when he swore that no bills were unpaid.

The evidence produced on Thursday was of a fragmentary and unsatisfactory nature. Mrs. Keane was in the witness box, but could state nothing definitely, and the magistrate adjourned the case until Saturday in order to give the prosecution time to produce more witnesses.

ALLEGED POCAHONTAS MURDERER FACES TRIAL

Fred Waseylik appeared in the supreme criminal court Friday morning charged with the attempted murder of Steve Shabatowsky, at Pocahontas, Alberta, on October 2. He also is charged with attempted suicide. This he is alleged to have attempted immediately following the attempt on Shabatowsky. Evidence went to show that the victim of the attempted murder had been given a severe gash with an axe, making a cut over five inches deep. Waseylik was afterward found with a six-inch cut across his throat. Medical evidence showed that this cut was over an inch deep and just above the adam's apple. R. B. Cogswell is acting for the crown and M. M. Charleson for the defence.

Government is Moved.

Washington, Oct. 8.—An official cablegram to the Belgian legation here today announced that the Belgian government had been moved from Antwerp to Ostend.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage way every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing too.

NOTICE

TAKE NOTICE that the Athabasca Valley Railway Company intends to apply at the next session of the Legislative Assembly of the Province of Alberta for an Act to amend Chapter 21 of the Statutes of Alberta 1911-1912 being an Act to incorporate the Athabasca Valley Railway Company and providing that the construction of the said railway be commenced within one year and shall be completed within five years from the coming into force of the amending Act as applied for.

CANUCKS READY TO TAKE CRACK AT THE KAISER

Contingent Arrives in English Waters Healthy and Eager to Fight

AS FINE A BODY OF MEN AS BRITISH WORLD CAN SHOW

Says They Realize the Grim Purpose of Going to Europe

London, Oct. 9.—Canada's great vanguard of loyal troops for the front is now in English waters and escorted by warships, the transports arrived off the Isle of Wight early this morning. Their disembarkation will probably take place after berthing.

Medical officers report that the Canadians are as fine a body of men as the British world can show, and that they are all in good health and eager to start upon that final period of training which is to fit them for getting to grips with the enemy.

It is not permissible to go into details as to time and arrangements made for the safe transportation of this great body of troops from the dominion. The voyage itself and the arrival in England yesterday were kept a profound secret, but now that the splendid feat of transportation across the Atlantic has been safely accomplished the need for secrecy exists no longer.

Disembarkation will take place at the earliest possible moment but it must necessarily be shorn of all ceremonial and cordiality of welcome that in other and happier times would Canada visiting the motherland. It it clear, however, that this great overseas army expects nothing of the kind. A Canadian officer who has been in England for some days past in connection with the reception of dominion troops says "No body of men in the empire realize more than we do the grim purpose of our coming. None are more eager to see it through."

EDMONTON IN BRIEF

A. G. MacKay has written the city commissioners, offering on behalf of the Edmonton Construction company, to accept in settlement of damages by reason of cancellation of contract, the sum of $6,000, plus the amount due by the city to the firm for work already completed. Referred to the city engineer and city solicitor.

An offer has been received from the New York Continental Jewell Filtration company for filtration plant debentures at 98. The commission board agreed that they could not entertain their proposal.

"If what this young woman says is true, you are a young blackguard. In any event you have ruined her. However I am obliged to acquit you on the charge before me. Notwithstanding, you have done her a great wrong. If there is a spark of manhood about you you will do what you can for her. You may go." In these words did Justice Walsh address Mike Prosinski in the supreme criminal court on Wednesday. Prosinski was charged with an offence against a young woman whom he had promised to marry, and to whom he was engaged. He had left her and the woman had him arrested. He was not convicted, however, on the charge laid against him.

The annual Thanksgiving convention will be held at the Beulah Mission October 9 to 12 inclusive. Rev. Martin of Calgary, D. S. Shantz of Didsbury and a number of others from a distance are expected to be present and take part. All are welcome.

The next regular meeting of Edmonton Chapter, Order of the Eastern Star, will be held on Wednesday evening, October 14, at eight o'clock in the Masonic Temple, 102nd st.

There will be a battalion parade of the 101st regiment at 7.45 Friday evening at the Fourth street armory.

A Thanksgiving supper will be held at St. Faith's church, Kennedy street, by the women's auxiliary on Tuesday, from six till eight p.m. After the supper there will be a meeting of the church society to organize the winter's work. All are cordially invited.

CITY HALL NOTES

At an adjourned meeting of the city council Thursday afternoon it was decided to petition the legislature at this session to amend the city charter for the extension of the franchise to women. If the amendment were granted by the legislature it would practically give Edmonton a universal franchise with a residence qualification. The council voted five to four on this question of asking for the amendment at this session.

A delegation representing the holders of stalls on the Rice street market petitioned the council to rescind their motion to have that market closed and ordering all stalls removed. The new First street market, they claim, is not nearly large enough for the number that are at present on Rice street. The parks and markets committee will investigate the matter and report at the Tuesday night meeting.

Visiting Bassano Dam

Calgary, Oct. 9.—The irrigation congress left this morning on a special train to pay a visit to the irrigated section of the C.P.R. and at Bassano and to inspect the great dam and the system generally. They are taking lunch at the dam site as the guests of the C.P.R. and will return this evening in time for those going south to make their connection.

GERMAN ARTILLERY POUNDING ANTWERP WITHOUT A LET UP

Teuton Guns Have Already Done Much Damage to Besieged City.

TWO FORTS ALREADY HAVE BEEN SILENCED

Russians Who Were Repulsed in East Prussia Have Turned Tables.

London, Oct. 9—German heavy artillery is pounding Antwerp, the last remaining stronghold of the Belgian army, while German armies to the west continue their indecisive struggle with the French and British allies. Beyond this little is known of the development in Belgium and France. The situation at Antwerp is in doubt. The censorship which masked the fighting there until the Belgian government was compelled to withdraw to Ostend now veilins attack on the city proper. Reports coming through London refer only to events of yesterday morning or earlier.

King Albert is variously reported as leading a part of the Belgian army out of the city, with the intention probably of effecting a juncture with the British and French; and as having arrived at Schzete, a village on the Dutch frontier. Refugees from Antwerp continue to pour into Holland. They report that the German guns already have done much damage in the city.

The bombardment of Antwerp's inner forts is said to have begun at 12:30 o'clock Thursday morning. Two of these forts are reported to have been silenced and fire is said to have broken out in four parts of the city.

The most recent statement by the German war office said the Germans had crossed the flooded area along the river Neth and commenced to make progress.

The general situation in the west has undergone no change, says a French official announcement made at 3 o'clock this afternoon. The battle continues along the line of Lens, Arras, Bray Sur Somme, Chaulnes, Roy and Lassigny. An artillery duel is occurring in the Woevre district. Otherwise nothing of importance on the right or center of the allies is reported by the French.

The Paris announcement says that Montenegrin troops continue their advance on Sarajevo, the capital of Bosnia. A similar report has been made almost daily for many days.

A news despatch from Cologne says that a hostile aeroplane threw bombs at the Zeppelin hangers at Cologne and Dusseldorf on Thursday afternoon. The German war office said the damage was unimportant, but the damage was inflicted at Dusseldorf. The German official report says that the airship hall at Dusseldorf was hit by one of the bombs, the roof pierced and the cover of an airship demolished.

An Antwerp correspondent says that every witness of the Zeppelin air flights over Antwerp saw such a craft shot by shells from Belgian forts and fall.

The Austrian war office in its most recent communication reports success against the Montenegrins.

The Austrian army headquarters also reported the recapture of Przovo and the repulse of the Russians who are hanging on Przemysl.

The latest reports from the eastern front are that the Russians have invaded east Prussia and later were defeated and driven back to the Niemen river, have again invaded east Prussia, driving the Germans back as far as Lyck. On the other hand, the Germans are in force in Russian Poland, having reached almost to Warsaw, while the Russian movement west through Galicia, is meeting a stubborn resistance from German and Austrian forces. The Russians claim to have captured one of the forts at Przemysl. A similar claim was made several days ago.

A despatch from Athens says that German officers have placed large German guns in the forts on the Dardanelles and the Bosphorus.

The Australian government has proposed a gift of $350,000 to Belgium.

RUSSIANS CAPTURE 10,000 PRISONERS IN EAST PRUSSIA

Paris, Oct. 9.—In the recent battles along the east Prussian frontier, the Russians took 10,000 prisoners and 40 cannon, according to a despatch from Petrograd to the Havas News agency.

SITUATION STILL UNCHANGED REPORT FROM PARIS SAYS

On Allies' Right Artillery Duel Along Entire Front Takes Place

MONTENEGRIN TROOPS CONTINUE TO ADVANCE

Opposing Bodies Still Operating to the North of Lille and Labasse

Paris, Oct. 9, (9:30 p.m.)—The following announcement was given out in Paris this afternoon:

"The general situation has undergone no change.

"On our left wing the two opposing bodies of cavalry are still operating the north of Lilis and of Labasse and the battle continues along the line marked by the regions of Lens, Arras, Bray-Sur-Somme, Chaulnes, Roye and Lassigny.

"On the center of the Oise and on the Meuse only actions of minor importance have been reported.

"On our right in the Woevre district, there has been an artillery contest along the entire front.

"In Lorraine, in the Vosges and in Alsace there has been no change.

"In Bosnia, Montenegrin troops have continued their advance in the direction of Sarajevo as far as the fortified line which protects the city from a distance of eight kilometers."

UNITED STATES TROOPER HIT BY MEXICAN BULLET DIES AT FORT HUACHUCA

Naco, Ariz., Oct. 9.—Trooper Wilson, of the tenth United States cavalry, wounded by a Mexican bullet, fired across the line during an attack on Naco, Sonora, Sunday, died today at Fort Huachuca. Wilson was shot in the breast.

Przemysl Stated be on Fire ; Capitulation Seems Inevitable

Rome, Italy, Oct. 9—The Russian ambassador, while denying a report that the garrison of Przemysl, in Galicia, had surrendered to the Russians, added: "However, the whole town is afire, and its capitulation is now inevitable."

Shibe Park, Philadelphia, Oct. 9.—The Boston National league pennant winners easily ran away with the Philadelphia Athletics today defeating them by a score of 7 to 1. The Bostons drove Bender, the Athletics star right hander, from the mound by terrific hitting which the Braves pieced together when hits meant runs. Gowdy was the hitting star of the Bostons getting three safe blows in three times at the bat. One of Gowdy's hits was a double and the other a three-bagger, his third hit being a single.

Rudolph pitched a game of first water for his club.

The Athletics were held spell bound by his slow ball which came up to the plate as big as a toy balloon. The Athletics' heaviest hitters could do nothing with his delivery. The Boston rooters paraded out of the grounds after the game, led by a brass band. The official score:

Summary—Two base hits, Gowdy Wyckoff, Baker; three base hits, Gowdy, Whitted; hits off Bender, 8 in 5 innings; off Wyckoff, 3 in 3 innings, and 2 out in sixth. Sacrifice hits, Oldring; stolen bases, Moran, Schmidt, Gowdy; double plays, Smith and Deal, Barry, Collins and McInnis, Bender, Barry and McInnis; Bender and McInnis; Baker and McInnis; left on bases, Boston 7, Philadelphia 6; first base on balls, off Rudolph 3; Bender 2; Wyckoff 1. First base on errors, Philadelphia 1. Struck out, by Rudolph 8, by Bender 3, by Wyckoff 2. Time, 1:58. Umpires, at plate, Dineen; on bases, Klem.

First Innings.

Boston—Bender's first offering was an outcurve which cut the plate for a strike. Moran went out on a high foul to McInnis. Evers sent up a high fly to Collins and walked back to the bench. Connolly took a strike and then fouled off the next one. Connolly fanned, missing a slow one around the neck—No runs, no hits, no errors.

Philadelphia—Rudolph put over a strike on Murphy. Murphy sent up a short single to center and the crowd started to cheer. It was the second ball pitched. Oldring sacrificed, Gowdy to Schmidt. Gowdy nearly outthrew first base. Rudolph tried to cut the corners of the plate on Collins and pitched three balls. His fourth was a strike. Collins walked and the crowd cried to Baker for a hit. Baker fouled out to Schmidt and Murphy was out trying for third on the catch, Schmidt to Deal. It was a pretty double play.—No runs, 1 hit, and no errors.

Second Inning.

Boston—Bender pitched three balls and then put over two strikes on Whitted. Whitted walked. Schmidt flied out to Oldring. Whitted scored on Gowdy's two-bagger to the left field stand. The Boston rooters cheered to the echo. Gowdy scored on Maranville's single over second. The Boston hits were sharp and clean. A double play followed, Barry took Deal's grounder and tossed to Collins forcing Maranville. Collins then threw out Deal.—Two runs, two hits no errors.

Philadelphia—Rudolph had a big wide curve which he worked on the edge of the plate. McInnis walked on four pitched balls. McInnis scored when Strunk's single went through Moran's legs to the fence. Strunk took third on the play, Barry fanned. Strunk was out at the plate when Evers took Schang's grounder and threw to Gowdy. Maranville took Bender's grounder and threw to Evers forcing Schang. One run, one hit, one error.

Third Inning.

Boston—Bender threw out Rudolph at first. Moran could not see Bender's speed and struck. Oldring took Evers hoist.—No runs, no hits, no errors.

Philadelphia—Murphy fanned. Rudolph working him on two straight ones and then a fast one. Oldring also struck out. Rudolph working carefully and deliberately. Rudolph's slow balls bothering the Athletics not a little. Rudolph threw out Collins at first base. Out at first.—No runs, no hits, no errors.

Fourth Inning.

Boston—Connolly sent a liner over Collin's head for a single, after having two strikes called on him. A double play followed this, Bender took Whitted's smash and threw to Barry forcing Connolly. Barry then tossed out Whitted. Barry's throw to McInnis was wild but McInnis made a beautiful stop. Collins tossed out Schmidt at first.—No runs, one hit, no errors.

Philadelphia—Baker fouled off the first two and Rudolph had him in a hole. Baker struck out, missing a wide by one foot. McInnis also fanned. Strunk singled to left but was out at second trying to stretch his hit. Connolly to Maranville. It was pretty fielding by the Boston players.—No runs, one hit, no errors.

Fifth Inning.

Boston—Gowdy drove the ball to the center field fence for a three base hit. It was the first pitched ball. The umpire cautioned the Boston bench for coaching. Gowdy scored on Maranville's single over McInnis' head. A double play followed. Bender took Deal's bunted fly and then picked Maranville at first. Deal had attempted to sacrifice. Rudolph struck out.—One run, 2 hits, no errors.

Philadelphia—Maranville took Barry's Texas leaguer away out in left field. It was a sparkling catch and loudly applauded. Schang struck out. It was Rudolph's sixth strike out. Bender flied out to Whitted.—No runs, no hits, no errors.

Sixth Inning.

Boston—Moran sent up a foul back of third base which Barry took after a long run with his outstretched hands. The crowd shouted its approval. Evers shot a single past Bender. Connolly walked when Bender became unsteady. Evers and Connolly scored on Whitted's smashing drive to right field and went for three bases. Whitted scored on Schmidt's slashing single through Barry. The Boston batting was terrific and Bender was recalled from the box and Wyckoff replaced him. It was the first time an Athletic pitcher has ever been batted out of the box in a world's series. Gowdy walked, Wyckoff took Maranville's rough but threw too late to catch Schmidt. The bases were now filled with one out. A double play ended the inning. Baker took Deal's grounder and touched third forcing Gowdy and then threw Deal out to first.—Three runs, three hits, no errors.

Philadelphia—Evers took care of Murphy's slow roller and threw out the runner. Deal tossed out Oldring. Rudolph was pitching a perfect game, his slow ball coming high and low but never touching the Athletics' bats. Rudolph tossed out Collins.—No runs, no hits, no errors.

Seventh Inning.

Boston—Lapp now catching. Rudolph got an infield single which Collins was hardly able to knock down. Baker took Moran's intended sacrifice and threw to Barry forcing Rudolph. Evers struck out and Moran stole second. McInnis gathered in Connolly's grounder and threw to Wyckoff who covered first.—No runs, one hit, no errors.

Philadelphia—Evers fumbled Baker's grounder and the runner was safe. McInnis walked on four pitched balls. Strunk grounded out to Schmidt. Baker went to third and McInnis to second. Barry struck out, Rudolph threw out Lapp at first. It was fine pitching by Rudolph.—No runs, no hits, one error.

Eighth Inning

Boston—Whitted sent up a high fly to Baker—Schmidt got a Texas leaguer to left. Gowdy singled to left and Schmidt went to third. Maranville struck out and when Gowdy ran to second Schmidt stole home. Gowdy tried to steal third but was thrown out.

One run, two hits, no errors.

Philadelphia—Wyckoff doubled to the right field fence. Maranville threw out Murphy at first. Wyckoff went to third. Oldring struck out. Collins flew out to Connolly.—No runs, 1 hit, no errors.

Ninth Inning.

Boston—The crowd began to leave the stands when the inning opened as it was realized that Boston had all but won the game. Baker threw out Deal. Barry threw out Rudolph. It was announced that the official attendance was 20,562. Baker tossed out Moran.—No runs, no hits, no errors.

Philadelphia—Baker drove the ball up against the fence for a double. Deal threw out McInnis, Baker was held at second. Strunk popped out to Evers. Maranville threw out Barry.—No runs, one hit, no errors.

Shibe Park, Philadelphia, Oct. 9.—The Boston Braves pennant winners of the National league, and the Philadelphia Athletics, champions of the American league, clashed today in the first battle for the world's baseball championship of 1914.

Some 22,000 persons saw the opening engagement of the seven game series. Hundreds were turned away at the gates unable to obtain admission to the crowded stands.

The Bostons prepared to send their slow ball boxman, Dick Rudolph, to the pitching emplacement to shell the Athletics out of their home defences. The American league groomed the Indian, Bender, to pick off the Boston invaders with his fast ball.

"Slow ball pitching is not relished by the Mack artillery of batters and I guess it will be Rudolph for the day today," remarked Manager Stallings. "Still I may switch to James or Tyler. They are all good you know."

The vast bleachers of Shibe park were choked to capacity long before game time. Three and four times the regular seat prices were offered for tickets and the demand at these figures exceeded the supply.

Betting favored the Athletics 2 to 1 and 3 to 2 when the teams came on the field for batting practice.

The outfield stand seating 4,000 persons, was thrown open at 10:30 o'clock. It was filled within a short time and the gates were closed. The first in line for seats in the unreserved section had waited over forty hours for the gates to open. Several women stood in the line since daybreak. The crowd holding reserved tickets in the covered and double decked stand, came to the park later. Hundreds viewed the contest from temporary stands erected on the roofs of houses that overlook the back field walls.

The day was warm and humid and one suited for fast baseball. An insistent sun burned through the unreaped clouds and there was only a slight threat of showers from the southwest. The infield and outer garden were dry and hard.

Preliminary field play was snappy and scintillating. The work of the Boston player, Deal, who substituted at third base for Smith, who broke his leg this week was keenly watched. He displayed no fielding faults in warming up.

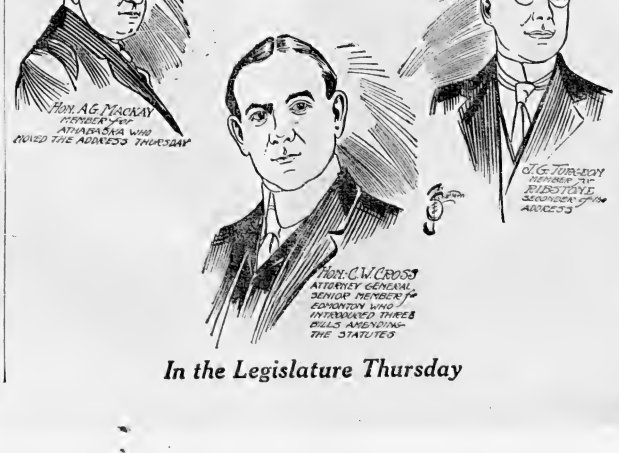

John Coombes and Ira Thomas took the pitching stand and served the Athletics batters during the batting practice. The Athletics gave particular attention to bunting. Home Run Baker tried out the bunes of the right field wall. One of his blows almost cleared the enclosure.

The Boston batters hit wickedly in practice. Tom Hughes served up the balls and the "Royal rooters" 200 strong from Boston sent up a loud shout when Catcher Hank Gowdy drove the ball into the left field stands.

The Boston Braves were the first out on the diamond for field practice. Their work was sharp, clean cut and brilliant. Maranville was all over the back field section scooping grounders to right and left and making the throws from every position. The crowd applauded him frequently.

The Athletics went out for field practice at 1:45 and Connie Mack's famous infield was soon in action.

McInnis had recovered from the injury to his hand and was back on first base. Bender did not make his appearance on the field until 2:15 o'clock were practicing when he began to warm up with Jack Lapp.

SKY IS RED WITH THE REFLECTIONS ANTWERP BURNING

Uninterrupted Thundering of Guns Heard at Rosendaal Throughout the Night—Fire Slackens in Early Morning, But Again Resumed.

London, Oct. 9—(9.45 p.m.)—In a despatch from Amsterdam, filed at 1.46 this afternoon, the correspondent of Reuter's says:

"Uninterrupted thundering of guns was heard at Rosendaal, from Antwerp throughout the night. The firing slackened a little in the early morning, but it has now resumed with full force.

"The sky last night was made red by the flames of burning Antwerp."

Rosendaal is about 20 miles north of Antwerp in Holland.

BRITISH AND FRENCH SINK TWELVE SHIPS IN THE MEDITERRANEAN

New York, Oct. 9—A news agency here is in receipt of a cable from London which says:

"The Times today publishes a letter from an officer of the British Mediterranean fleet, confirming the sinking of six Austrian war ships, three cruisers and three destroyers in the Adriatic. He declares, however, they were sunk in battle by the Anglo-French fleet. The destroyers went down with the first salvo from the allied guns, and the cruisers burst into flames within three minutes and sank a few minutes later."

BESIEGED CITY CANNOT BE HELD VERY LONG NOW

Enemy Has Occupied Southeast Semi-circle of the Third Fortified Line—Several Sorties Made by Defenders on Left Bank of the Scheldt—Incendiary Bombs Start Blaze Near Famous Palace of Justice—Siege of City and Battle of Aisne Becoming More and More Closely Related.

London, Oct. 9—(1.15 a.m.)—Borgerhaut, a suburb of Antwerp, is burning, according to a despatch from Amsterdam to Reuters.

OCCUPY FORTIFIED POSITION.

London, Oct. 9—(1.11 a.m.)—A despatch to the Exchange Telegraph company from Ostend dated Thursday, says:

"The Germans have occupied the southeast semi-circle of the third fortified line of Antwerp. The Belgians have made several sorties on the left bank of the Scheldt.

"The Belgian government is completely installed at Ostend.

REPORTED GERMANS REPULSED.

London, Oct. 9—(1.45 a.m.)—The bombardment of Antwerp has been terrible, says an Ostend despatch to Reuters, under date of Thursday.

"The Germans threw incendiary bombs," the despatch adds, "with the result that many parts of the town between the railway station at the south, and the palace of justice are in flames.

"It is reported here that Germans have been repulsed on the left bank of the river Neth.

"A Taube aeroplane flew over Ostend at 4 o'clock this afternoon."

Still Holding Out.

London, Oct. 9.—(10.05 a.m.)—So far as England knows this morning, Antwerp, the latest of the cities of Belgium to be belaguered, is still holding out against the efforts of the German onslaught. King Albert has withdrawn from the city toward Ostend where the administration is now fully established, but practically the entire Belgian field army has remained to resist, as long as possible, the fire of the great German guns, the terrible effects of which were made plain at Liege.

Though separate conflicts, the siege of Antwerp and the battle of the Aisne are thus becoming more and more closely related and both the Germans and the allies are making most desperate efforts to crush each other and smash through the ever lengthening western wings.

ANOTHER SHRINE ADDED TO RECORD OF DESTRUCTION

Hotel De Ville of Arras With its Famous Belfry Now Is In Ruins

SHELLING THE PLACE FUN OF THE GUNNERS

Cathedral of St. Vass Built on Site of Roman Temple Also Suffers

London, Oct. 9.—The Chronicle correspondent, Philip Gibbs, wires from a town in France under Thursday's date:

"The enemy has added another beautiful shrine to history to its record of destruction. It is the hotel De Ville of Arras, beneath which lie the ruins of its tall and famous belfry, now but a heap of stones, with broken pinnacles and bits of sculpture once carved by the master masons of old. For nearly four centuries the bells of Arras pealed on the birthdays and wedding days and grand feast days of France, high up in the belfry designed by LeCarron in 1501 and finished in 1554. Twenty-four hours ago this place which time has spared, failed to escape the ruthlessness of the men who care nothing it seems for monuments of art. Their guns made a target of the belfry standing 250 feet above the soil, into which they were hurling their shells. It was fun for the German gunners.

"Nearby is the cathedral of St. Vass, built on the site of the Roman temple to Jupiter and one of the first churches in Christian France. That old church was razed to the ground by the Huns of Atila, and now the modern cathedral, completed only in 1833, has suffered at the hands of those who in the 20th century are harking back to the barbaric ways of the Atila hordes."

BIG ARMIES AND NAVIES HAVE ABSOLUTELY FAILED PREVENT WAR, SAYS HON. A. G. MACKAY

International Naval Police System Advocated as Step Toward Permanent World Peace by Athabasca Member, in Eloquent Speech in Moving Address in Reply—Turgeon, Michener and Sifton Also Look Toward Better and Brighter Day for Humanity, When Kaiserism is Utterly Crushed.

Hon. A. G. MacKay is more at home on the stump in the heat of a close political campaign than in replying to the speech from the throne, when there are none of the other fellow's arguments to tear asunder.

For that reason he was not seen at his best Thursday in the legislature when he moved the address in reply to Wednesday's speech, nevertheless his address was eloquent, at times brilliant and was characterized by the extraordinary number of homely truths and flat-footed statements contained in it. Most significent of all, he concluded by coming out boldly for an international navy to police the seas and advocated that such a movement should start right here in Canada, not in some distant country.

The member for Athabasca commenced by making a tribute to the late Charles Olin, who represented Wetaskiwin in the house, stating that his principal trait was that of his race, untiring and successful in his work.

War Was Unavoidable

"The dominant note of the speech from the throne," said Mr. MacKay, "is war. I think I am voicing the sentiments of everyone within my hearing when I say that as far as Britain is concerned this war is justifiable and unavoidable."

He then went into the causes of the war, stating that its pretexts or excuses were not the real causes, and showed how not only had Great Britain, but also Russia, France, Belgium and even Servia, done everything within their power which would not infringe on their national dignity and integrity to prevent the war or to submit the differences to arbitration, but all to no purpose, because of the militarism and despotism of Austria-Hungary and Germany.

Result of Despotism

"The present atrocities being committed by the Germans," he said, "the killing of women and children and the cutting off of the legs and arms of defenceless people is but the natural result of the despotism of an over-mastering war-lord—the only logical result of brute force, and this war will have to be pushed till kaiserism is absolutely crushed and their kaiser sent to St. Helena if necessary.

"Everybody in the British empire must stand as one admantine wall to see that the contest is prosecuted to the end. We must say to the government and the king that we are behind them with all our resources.

"My only hope is that as soon as this war is ended, we shall be just as insistent in saying that steps must be taken looking to international, permanent peace.

Other Means Needed

"The establishment and maintenance of prodigious armies and navies has failed absolutely to stop war, as it was claimed it would by some and the civilized nations of the earth must take steps to see that some other means are adopted.

"One union navy should be established, with no national ones, to police the seas and all nations should see that this is brought about. Any nation which is not prepared to do this is not prepared to accept the sixth commandment, 'Thou shalt not kill.'

"Canada and the United States, which have lived side by side for the last 100 years in peace should be in a position to make a demand of the rest of the world that some compact be entered into guaranteeing world-wide peace and should lead the world in beating their swords into plowshares and their spears into pruning hooks."

J. G. Turgeon, the young but brilliant member for Ribstone, seconded the address, and, like Mr. MacKay, spoke highly of the late Charles Olin, also of the late Donald Baker, the efficient and popular clerk of the executive council.

Kaiser Does Not Know

Mr. Turgeon remarked that the kaiser, having been born and raised in despotism, could not understand the spirit of democracy, in which people from all parts of the British empire arose as one man to fight the battles of the allies.

"The greatest reason why there has been such a unanimous response to the call to arms," said Mr. Turgeon, "is that the people are free under British rule. Britain has always given self-government to the colonies and the result is the spirit of democracy which the kaiser does not understand.

Greatest in History

"There will be a great impetus given to Canadian trade and commerce, after this war, but even a higher reward than that will come and the time will be nearer when Canada will be the greatest in the galaxy of nations which form the empire."

After the mover and seconder had spoken, Edward Michener, leader of the opposition, rose amid applause and stated that it was the desire of those on that side of the house to expedite business and co-operate with the liberals. No matter how great were their political differences the things they had in common were greater still.

Should Welcome Belgians

"Some of us," said the Red Deer man, "had thought the time had come when there would be no such war as the present one among civilized nations, and the human progress of the last 500 or 600 years must rule that kaiserism must be crushed.

"I hope the dominion government will welcome the persecuted Belgians to this country to live in prosperity and peace."

He concratulated the mover and seconder of the address, especially on the fact that they had spoken about nothing of a partisan nature.

The premier was the fourth man to speak and began by complimenting all three former speakers.

New Condition Exists

"The present condition," said Mr. Sifton, "is entirely new to us. Although we are not touched by the war itself, business is put upon a new plane, which was not the case during the South African and Franco-Prussian wars.

"It is the duty of every man, no matter from where he come, to do his part in this crisis, so that the independence of all the small nations will be guaranteed, without the need of big armies and navies."

ORCHESTRAL CONCERT FOR LOCAL WELFARE FUND AT MONARCH SUNDAY

The Edmonton Professional orchestra under the direction of Harry Sedgewick and assisted by well known local singers, will hold a concert in aid of the Edmonton Welfare league fund at the Monarch theater Sunday afternoon, beginning at 2:30 p.m.

The entire proceeds of the collection are to be donated to the Edmonton Welfare league fund, and as a splendid program has been provided, it is expected that the contributions will make a substantial addition to the fund.

This orchestra has already given four Sunday evening concerts and patrons can be assured of having a fine entertainment in return for their subscriptions.

IMPORTANT LEGISLATION IS TO BE INTRODUCED--NOTHING LIKE MORATORIUM NECESSARY

The second session of the third legislature of Alberta got away to a good start Thursday, when Hon. A. G. MacKay moved and J. G. Turgeon of Ribstone seconded the address in reply to the speech from the throne. Leader Michener and Premier Sifton spoke on it, several other appropriate matters discussed and notices of the introduction of several important bills were given. The proceedings began promptly at three o'clock and were over about 5.30 on adjournment being made till next Thursday at 4 p.m.

"No moratorium or anything in the nature of a moratorium will be passed, as Alberta is in good shape, the municipalities are in good shape, notwithstanding the war, the farmers are in good shape, except in a few isolated cases, and the crops were never better than they are today." This rather significant statement was made by Premier Sifton, in explanation of three bills to be introduced by Hon. C. W. Cross.

Purpose of Bills.

With regard to these three bills Mr. Sifton further explained that they were mainly to prevent extra-judicial seizure of real and personal property in Alberta. These bills have regard to foreclosure of mortgages and bills of sale and seizure of real or personal property. Briefly, said the premier, they will provide for consideration of each case on its merits and do away with extra-judicial seizures, which are seizures without orders from some government authority, such as a judge or sheriff.

Hon. Wilfrid Gariepy will introduce a bill to tax wild lands within the province. It is stated that this tax will be five cents per acre per year and it is not known whether it will apply to all wild lands or not, such as C.P.R. and Hudson's Bay Lands on which ordinary taxes are not paid.

Hon. C. R. Mitchell, provincial treasurer will introduce legislation to raise general revenue for the government to amend the Alberta insurance act, the Provincial Loan act and regarding succession duties.

Railway Legislation.

Premier Sifton will bring in bills respecting the Edmonton, Dunvegan and B. C. and the Canada Central railways, the latter being a subsidiary of the former. It is expected that these bills will provide for the extension of the roads to or toward the western boundary of the province and for guaranteeing their bonds.

These are the more important government bills, while those introduced by private members are mostly in connection with railways already provided for by legislation or railway matters.

In reply to George Hoadley, of Okotoks, the premier stated that the only two new railways covered by the proposed legislation were the branch of the E. D. and B. C. from the main line to the town of Grouard and the branch of the Alberta Great Waterways from at or near Lac la Biche to the easterly boundary of the province.

Not Much Opposition

As expected, there was no opposition, the only semblance of same being when Mr. Hoadley asked the premier regarding the railway lines mentioned in the notices of motion. The member for Okotoks said that he did not wish to impede progress, but as that was the only time when they could find out anything about the routes of the roads or any other particulars regarding them, the members should know those particulars.

The premier told the house that the only new lines were the two above mentioned and promised that he would answer any questions later on, should any member ask anything about them.

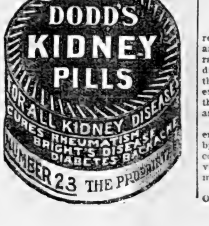

Edward Michener, leader of the opposition, said that the Alberta conservatives would follow the example set by the opposition in Great Britain and, even if the ythought that legislation passed might be better or was not in the best interests of the country, they would reserve judgment till later on.

Session to Be Short.

Premier Sifton in the same spirit declared that should the opposition decree to legislation introduced the government would not consider that their agreement was governed by their best judgment, but that criticism would be welcomed later on.

All signs point to expeditious work all through the session, and a short session. This being a regular session, it will have to last at least two weeks after the opening, as those bringing in private bills have till that date to do so.

Most of the members will go home for the holiday. Every opposition member was in his seat Thursday and all but one or two government members. The galleries were crowded and, although most on-lookers would like to see a lively session, with lots of debate, all were well pleased with the four excellent addresses given by Messrs. MacKay, Turgeon, Michener and Sifton.

GERMANS ROUTED IN CENTER; HAVE STARTED TO RUN

London, Oct. 9. (4:40 a.m.)—The Times correspondent south of the Aisne says:

"At one center—and that the most important—the British victory on the river Aisne is now complete. The Germans have evacuated their trenches, leaving in some of them, many soldiers who died from a severe visitation of typhoid. They left two of their heaviest guns in the quarries, heavily cemented in place.

"Two salient events marked the part of the fighting of which Soissons was the center.

"First, the capture by the allies of Fort Conde after a siege of 16 days and second, the remarkable slaughter by the British in the last of a series of German attacks.

"It is agreed that where ever the Germans have dealt severe havoc to the allies around this position their success was due wholly to a spy system. The allies soon found out that the Germans were able to diagnose their movements readily and instituted a systematic search for offenders. They captured seven spies, one of them a woman, who used electric flashlight signals from a window.

"It is not altogether true to say that that battle of the Aisne is over even now, but in the past few days considerable areas have been deserted by the Germans and great numbers of the allied forces were thrown forward."

VIENNA REPORT IS MORE THAN CHEERY

Says Austrians Have Made Further Advance and Repulsed Russians

Vienna, Oct. 9.—The following announcement signed by General Hoefer, deputy chief of the general staff, was given out at Vienna today:

"Our troops have made further advance and yesterday they repulsed the enemy on the road to Przemysl near Barjez west of Dynow. Przesow has been recaptured and guns have been taken.

"In the battle of the river Vistula and river San we took many prisoners from the fleeing Russians.

"The renewed violent attacks on Przemysl were splendidly repulsed and the enemies dead and wounded were counted by the thousands.

"We have had victorious battles at Szigot in Marmomos county, Hungary, and in east Galicia. The landstrum and the Polish legionaries rivalled each other in gallantry."

Seize Food Supplies.

Paris, Oct. 9.—The French authorities have seized food supplies valued at between $1,500,000 and $2,000,000 which had been deposited on the docks at Havre by a German firm. The action was taken in order to prevent the supplies being sent abroad.

GERMANS HOLDING OUT IN FRANCE WITH IDEA FIRST TAKING ANTWERP

Paris, Oct. 9. (5:50 a.m.)—The suggestion is made in Paris this morning that the Germans are holding out with idea of taking Antwerp first and then retiring to a line of defense prepared in Belgium, as it is not possible for them to find reinforcements to counter balance the fresh troops constantly coming to strengthen the allies.

The transfer of the seat of Belgian government from Antwerp to Ostend was not public in Paris until this morning; but even the fall of Antwerp will scarcely shake the French confidence in the success of the efforts of the allies to push the Germans back over the frontier.

Several Plague Cases

Genoa, Italy, Oct. 9.—Several cases of plague have been reported at Salerno and as a result even steamers that were to sail from here for that port have suspended their departure.

NEARER A NEW CONCEPTION OF JUSTICE THAN WE THINK.

Newspapers of the stand-pat order and publicists of the ultra-conservative stripe, impatient always with those who imagine that reform can be accellerated by clamor, ask now, in derision, what has become of the socialist pacificators and why, with their internationalism, they did not avert this war.

To this the socialists are answering that while they did what they could—and failed—it is scarcely fair to single them out for responsibility and derision while other factors, equally foreswom to peace, have been as powerless. The Christian church, they point out, is equally international and yet, while its tenets sanctify peace, it has progressed so little toward the goal that its shibboleths are carried in the van of every army today and the makers of war cry out in every tongue that theirs is the cause which has favor with the prince of peace.

This much, at least, the socialists can claim, that of all the moving forces of the world today, theirs is the first to have given articulation and international solidarity to the protest against war. In extenuation of the socialists' failure to avert war it must also be admitted that the human mind, in the mass, moves very slowly. The people of the world have not, even yet, learned how to love one another, although the injunction is two thousand years old. To expect an economic philosophy, even were its soundness beyond contention and were its apostles in control, to revoke the jealousies of nationalism within a century, is expecting much indeed. But the socialist doctrine is admitted by only a percentage of the peoples of all nations, and of these it may be safely said that it is understood by not more than a handful, a disadvantage which makes it unreasonable to hold them responsible for a situation over which they have no control.

The great difficulty under which the socialists labor, however, is in attempting to picture a condition which, as yet, has no existence. Description being limited to knowledge to the thing sought to be described, accurate description of a condition which has no existence is manifestly impossible. Socialists flatter themselves that their propoganda is a science. As a matter of fact it has not progressed beyond being a yearning for a more even justice in human affairs. In the groping for expression with which to give their yearning the exactness of a decalogue, confused philosophies and stilted dogmas naturally evolve. Such is the experience of evolutions. It was thus in the thirty years' war, when the world shook with the convulsion of throwing off religious servitude. Luther tells of how, in his interpretation of the Bible, he labored for days to give expression to a single passage. Yet so exact a man as he fell into the error of devising rules of conduct and injunctions as to thought, thereby substituting one set of rules for another and one mental compulsion for another, oblivious, evidently, to the fact that the compulsion, of which he was at the vortex, derived its dynamic from the friction set up in the human mind against the incidence of rules and dictatorialness as to thought. Luther's error was understandable; in fact, inevitable. He lived in a world of rules and of mental compulsion. These he saw, and made more rules. The thing which the world required was not more rules, but less. He and his followers had—had they but known it—no quarrel whatever with those who embraced the creed against which they warred at the loss of millions of lives. This is manifest by the fact that the two creeds live side by side in harmony today, both having survived the deluge of blood, and having emerged with freedom, while granting it. The world sees now that the dogmas over which they fought were immaterial so long as each was permitted liberty of conscience, to espouse his own interpretation of that which suited him best, and freedom from persecution by adherents of any other.

To this condition the world has now largely attained. But such condition was not describable by the Baptists and Anabaptists who, having won victories which should have guaranteed freedom of worship, fought to the death about what constituted that freedom. With no basis from which to work, they were unable to formulate a plan which would stand the test of a condition hitherto unexistent.

Just so with the socialists in social politics. Their environment is a world of competative commercialism and capitalistic production; a world presided over by bosses. They see errors which are patent to all: enforced want in the midst of plenty; prodigal waste of human life in a scheme of production which guarantees no safety for even its beneficiaries; cruelties incurred through idolotry of a competition which the world's plenteousness makes superfluous; hineous sacrifices upon the altar of war.

These things they see and recognize as wrong. They seek change. To expedite the change, they hasten to contrive a theory of production. The theory, emerging from a surrounding of materialism, presupposes that the world's affairs can be ordered by a bureaucracy into systematic justice. A substitution of bosses. They ask the world, which does not understand that which few of them understand themselves, to accept the dogmatisms which buttress the theory. The world rails at them and—in the face of a world's war—mocks them with the ancient mockery: "Physician heal thyself," which, modernized, reads: "Yo' have 110 votes in the Reichstag; stop the war."

Just as time has shown the confusion which marked the attempt to formulate into a broad toleration the yearning of the reformation, so time may show that the thing for which the socialists strive in the economic field is something entirely different and much simpler than the cut and dried bureaucratic scheme of production which they believe they want; something, quite possibly which—in a time such as the present—will creep into the world's consciousness in the form of a belief in the sacredness of the right of all people to construe their own environment and destiny. Such a belief, should it rise superior to boundary lines, might abolish the last vestige of might or title to inflict a will, a condition or an allegiance upon anyone. Such a belief would abolish war, except against the outlaws, and open the gate to liberty.

In view of the fact that it is some such ideal that is sending Britons to war, we may be nearer a new conception of justice than we think.

JOHN G. TIPTON EX-ALDERMAN OF CITY PASSES AWAY

Well Known Resident of South Side Dies Last Night After Long Illness

WAS MOVING FACTOR IN AMALGAMATION OF CITIES

Better Known as Judge Tipton, Came to Edmonton 20 Years Ago

With the passing of ex-Alderman John G. Tipton, of the Tipton Investment company, south side, who died early Friday morning after an illness of several months, Edmonton loses one of her most widely known and popular citizens. The late Mr. Tipton had been ill for some time and returned to the city last May after having spent the winter in California and the south. There he visited his aged sisters. While in the south Mr. Tipton enjoyed a 6,000 mile auto trip through California and other states and returned to Edmonton feeling much better but shortly afterwards was again taken ill and went to Mayo brothers' hospital at Rochester, Minn., where he underwent an operation for cancer of the liver. He returned to Edmonton the latter part of August and was so recovered that he was able to about in his auto, withinthe past two weeks, however, he gradually become worse, until the end came during the night. His wife and one of his sons, T. R. Tipton, were present when he died. His other son, Lieut. J. W. Tipton, of the 19th Alberta Dragoons, left for the war immediately after the return of his father in August.

The funeral will take place on Sunday afternoon at half past 2 o'clock.

J. G. Tipton was born in Fulton County, Illinois, in the year 1849, and was in his 65th year. In 1894 he moved to Alberta from Kansas and became actively interested in gold dredging on the Saskatchewan. For a short time during his residence on the south side he took up the practice of law as he had been a judge of the district court in Illinois. He later took up a homestead near Big Island and opened up a coal mine and on many occasions teamed the coal to Edmonton himself.

He was a moving factor in the amalgamation of the twin cities and was a member of the amalgamation committee and helped to engineer negotiations leading up to the agreement. He was a member of the Strathcona city council from 1908 to 1911, the year of amalgamation, and was elected to the first city council of the amalgamated cities as a representative of the south side. At the time of the election he was absent from the city but headed the pole for the south side candidates. During his last term on the council 1912 and 1913, he was one of the most popular aldermen. He was a public spirited man and took a firm stand for what he bolleved to be in the best interests for the community.

He is survived by Mrs. Tipton and his two sons, T. R. Tipton of the Tipton Investment company, Whyte avenue, and Lieutenant J. W. Tipton, of the 19th Alberta Dragoons. Four sisters and a brother are still living. They are Mrs. M. H. Meeker, of Greenwood, Neb.; Mrs. Clara Swigert, of London Mills, Ill.; Mrs. L. C. Sterling, of Gregory, S. D.; Mrs. Hannah Coombs, of Williamsburg, Kansas and Thomas Tipton of the Stock Exchange, Chicago.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

ANTWERP BURGOMASTER DETERMINED TO ASSIST MILITARY TO THE LAST

London, Oct. 9, (2:15 p.m.)—In a despatch from Ghent dated Thursday, the correspondent of the star transmits the following:

"An officer whom I met states that the bombardment of the cathedral at Antwerp had begun at the hour he left the city, which was 10 o'clock Thursday morning. Fire had broken out in many places. The Germans were using their 16 inch howitzers with terrible effect on the outer ring of forts but guns of smaller calibre were being employed for the destruction of the city itself.

"The airship which dropped a bomb on the law courts was subjected to a terrific fire and must certainly have been hit.

"The burgomaster of Antwerp has declared his intention of supporting the military in resisting to the last."

INSURING GOOD DIGESTION

Importance of Preventing Food Fermentation in Stomach

Good digestion usually means good health. So long as the stomach does its work priperly disease can find no lodgment in the human system; the liver, kidneys and intestines will perform their work perfectly and remain in perfect health; but permit anything to interfere with the proper digestion of food, an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid, usually caused by food fermentation. Food fermentation is due to chemical action in the food itself. This fermentation causes the formation of gas, or wind, as well as acid, resulting in the unnatural distention of the stomach and the pressing by the acid of the delicate lining of the stomach.

Medicine and diet cannot relieve this condition—they usually make it worse. The fermentation and acid are to blame and these must be overcome and prevented by taking after meals a teaspoonful of bisurated magnesia in a little hot or cold water. Physicians recommend bisurated magnesia especially because it stops and prevents fermentation of food and neutralizes the acid instantly, making it bland and harmless, without injuring the stomach in any way. Get a little bisurated magnesia from your druggist and try it the next time your food ferments and upsets your stomach. Note how quickly the acid is neutralized and how soon you forget that you have such a thing as a stomach.

ZEPPELIN BROUGHT TO GROUND BY DEFENDERS FLYING OVER ANTWERP

London, Oct. 9, (3:30 p.m.)—The Star's Antwerp correspondent telegraphing via Amsterdam says that eye witnesses of the Zeppelin air flights over Antwerp said that such craft was shot by shells of Belgian forts and fall to earth.

During the bombardment of Antwerp Thursday, it is estimated that shells fell at the rate of 20 a minute. Many civilians were killed.

GERMANS CONFIDENT OF TAKING ANTWERP WITH LITTLE DELAY

London, Oct. 9, (3:20 a.m.)—Telegraphing from Ostend, the Daily Express correspondent sends the following:

"The German plan for the reduction of Antwerp has carefully developed for many weeks past. The series of bombardments will not be begun when, in the opinion of the commandant, he is in a position to take the city with little delay. Emplacements for the big guns have been carefully constructed at the most advantageous positions. These guns were brought from Namur and Maubeuge. The Germans have a large number of them at their disposal."

A Few War Atlases Left---Get One Now

The world has never seen such a terrible war as is now raging in Europe. Millions are in the field, millions of women are at home sorrowing. The harvest fields are trampled by armed men riding to battle. Armored ships plow the seas with guns ready. Airships whirl through the air dealing death. A whole continent has gone suddenly mad.

It is almost impossible to read the moves of this war intelligently without the aid of the maps in a good atlas.

The Daily Capital Atlas contains colored maps of the world, Europe, Russia, England, Germany, France, Belgium, Servia, Austria, together with their colonies and possessions in all parts of the globe, also pictures of the principal leaders, battleships, submarines and Zeppelins.

Every man and woman in Canada is keenly interested in the outcome of this great war. The situation can be studied only with up-to-date clearly-defined maps, such as you will find in this war atlas. History is being made today as it never was made before.

The subscription price of the Daily Capital, payable in advance, to city subscribers is $2.00 for six months or $4.00 a year delivered at your door; to country subscribers by mail $1.50 for six months or $3.00 per year.

For every six-months subscription received while the supply of atlases lasts we will give one atlas free.

One who is now a subscriber may get one of these atlases by forwarding the price for a renewal for six months after the date his present subscription is paid to.

Better still, if a subscriber whose subscription is paid induces a friend to subscribe for six months to the Daily Capital we will forward each an atlas free.

WOMEN'S PRESS CLUB PRESENT ADDRESS TO MRS. ARTHUR MURPHY

The honors recently bestowed on Mrs. Arthur Murphy by King George were duly recognized by the Edmonton Women's Press club at a meeting held in the club rooms on Wednesday afternoon, when the following address was presented to Mrs. Murphy.

Dear Mrs. Murphy:

On behalf of the local branch of the Canadian Women's Press club, permit me to offer you our sincere and hearty congratulations on the high honor which it has pleased his majesty, King George, to bestow upon you. In conferring on you the title of Lady of Grace of the Order of St. John of Jerusalem, we feel that our gracious sovereign has not only recognized your exceptional abilities and the distinguished work you have done for Canadian literature, but has honored Canadian literary women in general and your sisters of the pen of this great western land of ours in particular. As president of the local branch of the Canadian Women's Press club, of which you are so distinguished and honored a member, and in the name of its officers and members, I again offer you our heartfelt congratulations.

With all good wishes,
Very sincerely yours,
MARGARET A. BEAUFORT.

President Edmonton branch C.W.P.C.

Mrs. Murphy expressed her appreciation of the good wishes of the club in a few words of thanks, in which she stated that one of the greatest pleasures she derived from the honor, was the fact that so many of her friends shared the pleasure with her.

OFFICERS ELECTED FOR WOMEN'S BUSINESS CLUB

Miss Nellie Thompson, secretary of the Y. W. C. A., was elected honorary president of the Edmonton Business Women's club at its organization meeting Wednesday night. Miss Thompson occupied a similar position in the Metropolitan Business Women's club, Toronto, and will be a very helpful member of the Edmonton club. The officers are as follows:

President, Miss Dillow; vice-president, Miss Kells; recording secretary, Miss Bottomly; Corresponding secretary, Miss Daly; treasurer, Miss Russell; representative on the educational committee of the Y. W. C. A., Mrs. King; convenor of social committee, Miss Fairweather; honorary members, Miss Lalley, and Mrs. Wanless.

Other committees will be formed and members added to the executive at a later meeting. The first luncheon will be held in the Y. W. C. A. clubroom on Wednesday, October 14, when it is hoped that any business women desiring to join, or to learn more of the objects of the club, will attend. Luncheon will be served at 12 o'clock, and the club is arranging to have some prominent speaker give a short address

ANNUAL MEETING LOCAL SECTION ALPINE CLUB OF CANADA ON WEDNESDAY

The second annual meeting of the Edmonton section of the Alpine club of Canada will be held in the lecture room on the second floor of the Victoria high school, corner of 105th avenue and 102nd street (Churchill avenue and Second street, on Wednesday evening, October 14 at 8 o'clock. The Edmonton section will then be organized for the ensuing year, and the officers and committees will be elected.

Every member of the Alpine club of Canada is entitled to become a member of the Edmonton section upon payment of the annual fee of $1. This fee is payable at the annual meeting.

Every man who is wedded to his ideal is more or less henpecked.

WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is totally free from harmful drugs.

BERLIN OFFICIAL REPORT STATES NO DECISIVE ACTION

Claims Small Progress at St. Mihiel and in the Argonnes

London, Oct. 9.—(9.30 a.m.)—The official communication of the German general staff given out at Berlin in the evening of October 8 is contained in a Reuter despatch from Amsterdam. It says:

"From the western scene of war no facts of decisive importance can be mentioned. Small progress has been made near St. Mihiel and in the Argonnes.

"Before Antwerp, Fort Breendonk (to the south of Antwerp) has been taken and the attack on the inner fort line has been started there. The bombardment of the quarter of the town lying behind was begun after the declaration of commander of the stronghold that he took the responsibility.

"The airship hall at Dusseldorf has been hit by a bomb thrown by a hostile aviator. The roof of the hall was pierced and the cover of an airship in the hall was demolished.

"In the east the Russian column is marching from Tomza (Russian Poland) and has reached Lyck (in east Prussia, just beyond the frontier and almost directly west from Augustowa)."

WONDERFUL ENDURANCE OF RUSSIANS IN FIGHT NEAR TOWN OF OSSOWITZ

London, Oct. 9.—The Post Petrograd correspondent tells a story of the great endurance of the Russians in the fighting before Ossowitz in Russian Poland.

"Colonel Martinoff," the story runs, "remained for three days and nights at a specially erected post of observation to watch and direct the artillery fire. He was wounded by a bullet but refused to descend, and it was only when the German artillery was silenced by a combined charge of cavalry and infantry in a flanking movement that he telephoned his last instruction to the battery and fell asleep, being found at his post when the pursuit ended.

ANOTHER SUCCESSFUL AERIAL RAID MADE BY ALLIES IN COLOGNE

London, Oct. 9.—According to a Central News despatch from Amsterdam, another aerial raid has been made by the allies on Cologne and Dusseldorf, both important German Zeppelin airship basis. The telegram follows:

"A despatch from Cologne states that a hostile aeroplane threw bombs at the Zeppelin hangers at Cologne and Dusseldorf on Thursday afternoon. The former was uninjured but damage inflicted at Dusseldorf.

FRUIT LAXATIVE FOR SICK CHILD GIVE "CALIFORNIA SYRUP OF FIGS."

Cleanses tender little stomach, liver, bowels without injury.

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without gripping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhea, indigestion colic—remember a good liver and bowel cleaning should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other fig syrup with contempt.

AT ONCE! PAPE'S DIAPEPSIN STOPS INDIGESTION, GAS, SOUR STOMACH

Don't Suffer! Here's the quickest and surest stomach relief known.

Time it! In a few minutes all stomach distress ends. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach doctor in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know it is needless to have a bad stomach.

Get a large 50 cent case of Pape's Diapepsin from any drug store and put your stomach right. Stop being miserable—life is too short—you're not long, so make your stay agreeable. Eat what you like and digest it; enjoy it without fear of rebellion in the stomach.

Pape's Diapepsin belongs in your home. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement, it is handy to give instant relief.

What the Theater Press Agents Say

"STOP" THIEF AT EMPIRE HAT GOT THE PUNCH.

"Stop Thief," presented by the Players in the Empire theater last night has got the punch. There is action from the rise of the curtain until the fall at the conclusion of the last act. Better than all the capable artists handle it with their usual "ginger" and go, Carlyle Moore, the author. In conjunction with Guy Harrington, Miss Brandt and the other members of the company have a lot to answer for. The situations are so decidedly funny, the conversations so clever and witty and the stunts make so much of their possibilities that the members of the audience are liable to get a kink in their several anatomies from laughing. Some are liable to take a great deal of straightening out.

The cake must be handed to Theo Johnston again. He gets around the difficulty of a cramped stage so that it is not noticeable and he makes the most of the piece, which by the way is saying something.

Imagine a kleptomaniac, a man who is thoroughly convinced that he is a kleptomaniac, a lady's maid who is a clever thief and her lover who is a heroic though crooked confederate mussing things up in a house where a wedding is about to take place. All the wedding presents are "pinched." The police are called on the scene, but Deegan (Guy Harrington) and Nell (Miss Brandt) bluff them for a long time as to the identity of the real thieves. The inevitable, however, happens and to the close of the third scene the audience begins to get a feeling of disappointment that the hero and heroine are about to be nonsuited. The tables are turned, though, and it is with a feling of relief that the audience sees the couple make a clever get-away. The police are put on the wrong scent but the family again catch the couple. The kleptomaniac and the supposed one are so relieved at finding that they themselves are not guilty that there is forgiveness all round and triple wedding.

It would be unfair discrimination to pick out any member of the company for praise. All were at their best. There was no stumbling in lines as is usual with the average stock company and the setting was excellent. Guy Harrington and Miss Brandt have added to their popularity by the production and the managing director has deservedly gained the confidence of the theater-going public here. There was a more encouraging attendance but it is safe to predict that it was not so large as those for the remaining performances.

MUSICAL PLAYWRIGHT AT THE PANTAGES

For several weeks friends of Albert Weaver-Winston, the director of the orchestra at Pantages theater have noticed that he has been strangely missing from his usual haunts. After every performance he has been silently stealing away without saying a word to anyone and last evening a group of his friends made a raid on his room and there found him bending over a table, a green shade over his eyes working industriously over a piece of music. A few minutes passed without anyone saying a word and then, Mr. Winston threw down his pen, sighed one of those long drawn sighs of relief—took up his copy, placed it in an envelope and looked to see who his friends were. But the story is simply this. About two months ago Mr. Winston saw the possibility of taking that grand old opera, "Cavaleria Rusticana," and placin git in tabloid form so that it could be produced on a vaudeville stage. For the last two months he has been working hard at it and last night he threw his pen away satisfied that it was finished. He has taken the opera and condensed it into a 30-minute tabloid, so that it can be handled by a company of four principal singers and an orchestra of six. Although apparently cut to pieces from the laymans point of view he has managed to tell the entire story in the short time alloted.

Mr. Weaver-Winston has taken the matter up with several theatrical magnates in the east and has made arrangements to have it produced. He hopes that sometime in the near future it will play over the Pantages circuit.

THOSE SOUTHERN BOYS WILL BE HERE MONDAY

Reputation is a great thing, but once made it cannot be neglected and left to rest on its laurels. It must be carefully nurtured.

Richard and Pringle's Famous Georgia minstrels made their reputation years ago to be exact, and that reputation has been most zealously guarded ever since. It seems as though the acme of perfection must have been reached by them years ago, but each season they bring a still better show.

The press in the territory where they have appeared this season is loud in their praise, and when these talented colored boys start the fun rolling at the Empire theater on Monday, we may expect to sit up and take notice.

They will arrive early that morning and promptly at noon will parade the principal streets, and Simpson's Challenge band, which accompanies them will give one of their splendid concerts

"LIFE'S SHOP WINDOW" AT LYCEUM NEXT WEEK

Everybody has heard of Elnor Glyn, the English authoress who gave the reading public "Three Weeks," "One Day," and "Life's Shop Window," novels the sales of which ran up into hundreds of thousands. The first named made a luke-warm play, the second, a miserable play as dramatized by Cecil Spooner, but the third, the only one of the trio that contains lines that are worth while and situations that really interest, has been made into a play of sufficient continuity to provide two solid hours of good entertainment of the melodramatic flavor.

"Life's Shop Window" will be presented for the first time in Edmonton, at the Lyceum theater next week with the members of the Lyceum stock company in the numerous roles. Several opportunities for first class characterization are afforded the various players, who are expected to make the best of their chances.

A special Thanksgiving matinee will be added to the week's performances.

DRAMATIC AND FUNNY FILMS AT EMPRESS.

Mother Penitent," a three-reel special feature production, is the attraction leading the program at the Empress theater for showing Friday and Saturday. It is a vividly produced film replete with many strong scenes of stirring action and pathetic appeal and, for this reason, it is a picture that will please about every class of motion picture fan. The settings of the picture are furnished by the famous Miller Brothers, 101 Ranch, and the many hundreds of cattle, cowboys, cowgirls, and full equipment of western accessories are perfect. A riotously funny comedy film is "The Fenale Cop," which also appears on this bill.

VERSATILE BILL AT BIJOU FRIDAY NIGHT.

The Bijou has amateurs Friday night. Not only that, but in addition the Bijou management has arranged a ladies' Nail Driving contest, offering a prize to the lady who first succeeds in driving a large nail into a board. It is by request that this novel and likable stunt is put on. A number of good entries have already been presented.

Manager J. B. Hazza also states that some good amateur acts have been arranged for and much good entertainment can be expected.

The photo-play bill alone deserves much praise for it is indeed an excellent one.

The Gaumont Graphic completes the evening's entertainment. Perhaps no other moving picture weekly furnishes so many news events as does this one. Practically the whole of it will be devoted to news items, in movies, of the war. The film has just arrived from Europe.

EFFORTS TO OPEN DARDANELLES ONLY PROTECT COMMERCE

Hindrance Caused by Turkey's Action Make Step Necessary.

Washington, Oct. 9.—Efforts to be made by Great Britain, France, and Russia to open the Dardanelles as announced in a proclamation by the Russian minister, were said at the Russian embassy today to have only a commercial purpose. The great hindrance to commerce caused by Turkey's action in closing this channel into the Black sea, was stated by embassy officials as making the proposed step necessary. Russia, it was explained, was not able to ship its wheat to England and other markets where it would be going normally while the United States now unable to use any of the Baltic seaports into Russia, if the Dardanelles were open, might find entrance for its cotton goods and other products to Russia through Black sea ports. Russia, the official insisted, had no desire to gather her fleet into the Mediterranean as it was needed there.

STORIES OF ARRIVAL CANADIAN TROOPS BE WELCOMED BY BUREAU

London, Oct. 9.—The official press bureau has informed the newspapers that descriptive stories of the arrival of the Canadian troops will be welcomed—welcomed, not merely permitted. The press bureau indicates a number of matters in connection with the arrival concerning which, no correspondent, quite properly, may make any record, but except on these points, it would seem at first blush that the press bureau is ready to fling open wide th efield of news gathering.

RECORDS ARE BROKEN AT EDMONTON SCHOOL SPORTS

Athletic Meet is Held at Last, After Many Postponements—Jesse Jones Takes 1 2-5 Seconds Off 220 Yards. Charlesworth Wins Hurdles.

The Edmonton school sports, which on several occasions had to be postponed on account of inclement weather were held yesterday in the Exhibition grounds. There were many children and their parens present and all of them enjoyed themselves thoroughly. The newsboys band was on hand and from time to time rendered suitable music.

Notwithstading a rather heavy track some good time in the races was made, three former records going by the board and on a thoroughly dry track it is probable than an even better showing would have been made.

Jesse Jones annexed the 220 yards in 23 3-5 seconds, 1 and 2-5 seconds faster than the former High school record. The Victoria high school relay team broke the old record easily, travellingthe half mile in 1:44 1-5 minutes, nearly ten seconds better than the previous mark. G. Charlesworth took the junior public school hurdles in 16 4-5 seconds, two seconds faster than the old mark.

Jesse Jones won the 100 yards race for high school pupils after being given a hard run by E. Swailles. The Ramsey cup, emblematic to the senior public school championship was won by F. Dickie, Queen Alexandra school, the R. Secord cup for junior public school individual championship was taken by A. Turnock, Queens avenue school, and E. East won the Alec Taylor cup for senior high school pupils.

Queen Alexandra school won the public school championship banner and the Victoria high school annexed the high sch ool championship shield.

After keen contests the Queen Alexandra school and the Strathcona high school won the basket ball games.

The meet was capably handled by Capt. C. K. Flint, G. R. Jackson and their staff of assistants and they are to be congratulated on the way they handled such a long program without a hitch.

Following is the summary:

Basketball, girls' P.S.—Queen's avenue 17, King Edward 9.

ARCHIE KAY WINS EMPIRE TOURNEY

Defeats George Sharp 50 to 48—Latter Made Runs of 5, 5 and 4.

By defeating George Sharp, last night, by the score of 50 to 48, Archie Kay won the Empire three cushion billiard tournament and the city championship. The final standing of the leaders in the tournament was: Kay, first; Young, second; Sharp, third; Iieresford, fourth.

Last night's game was close all the way. Kay took the lead from the start and rolled up eight points ahead of his opponent. By brilliant playing, making two runs of five, Sharp overcame the lead and was ahead until the 47 mark was reached, when Kay passed him with a pretty run of three. Sharp scored one in the next inning but on the second shot made a bad kiss; leaving a natural on which Kay scored, winning the game.

Kay's victory was a popular one and at the end he was warmly congratulated. Sharp played in hard luck and missed shot after shot by a hair's breadth. He made the high runs of the game, scoring five twice and one run of four.

William Kelly, the referee was kept busy during the game owing to the large number of close shots. The score:

Kay, 50; high runs, 5-4.

Sharp, 48; high runs, 5-5-5.

Etewah Captures Stake of $5,000 With Pop Geers in the Sulky

Lexington, Oct. 9.—The 25th renewal of the Transylvania stake was yesterday won by Etawah, driven by Gears and owned by F. G. Jones. The record for the stake of 2.04 1-4 made by Penisa Maid, in 1909, was beaten in each heat, reducing Etawah's own world record for a three-heat race made last week at Columbus. Omar and Star Winter were the contenders. William failed to beat his four-year-old world's record of 2:00.

MANY HOLDOUTS AMONG PLAYERS

Jack Laviolette of the Canadiens is One—Will Try Motor Racing

Montreal, Oct. 9.—Jack Laviolette, the brilliant cover point of the Canadians, is the latest recruit to the ranks of the hockey holdouts. Laviolette stated yesterday that he has returned his contract signed to Manager George Kennedy. He said he had been offered a reduced salary and would not accept, and added that he could make more money out of auto racing than playing hockey at the terms offered him. Laviolette has had a successful lucrative season at the wheel of his 60 horsepower Mercer car, meeting all comers throughout Quebec and New England.

He said that it was not unlikely that he would continue racing all winter ,as his services are in great demand on the southern circuits. Laviolette's daring deregard for life and limb have made him a big drawing card wherever auto racing is popular.

"I can make more money racing than playing hockey at the figure offered me," Laviolette added. "Of course, the risks are greater, but the profits are larger. As a matter of fact, although I have had lots of spills this year, both from motorcycles and from my car, I have not once been injured so seriously as in hockey last winter."

The list of hockey holdouts from the Canadians now includes Laviolette, Jimmy Gardiner, who manager the team last year, and Harry Scott, the brilliant forward. Gardiner has already sent his contract back unsigned, after being offered a lesser salary than he received last year. Scott is in Fort William and has not yet received his call, but he is reported to have demanded a higher salary.

NEW YORK GIANTS WIN AN EXCITING GAME FROM YANKS

National Leaguers Take Game in Tenth—Matty and Keating Hit Hard

New York, Oct. 9.—Beacher's triple and Doyle's following single in the tenth inning gave the New York Nationals a 6 to 5 victory over the New York Americans in the opening game for the Manhattan championship here yesterday. Both Mathewson and Keating were hit hard. Bunched hits on Mathewson gave the Americans a three run lead over the Nationals in the sixth. The Giants hit well in the seventh and regained a lead, only to have the Highlanders tie it up in the ninth.

Sox Win

Chicago, Oct. 9.—The local American league team evened up the series for the city championship yesterday by winning when Cheney weakened and lost control. After he had retired two batters on strikes, Weaver singled. Cheney attempted to catch him off first base and threw to the stand. Blackburn singled and Weaver scored the winning run. The game was clinched when Zimmerman fumbled Collins' grounder, Cheney made a wild pitch and Fournier doubled.

WEATHER IN PHILADELPHIA FAVORABLE FOR BASEBALL

Day is Partly Cloudy and Temperature is Just Right—Both Managers Have Announced They Will Use Strongest Line-ups.

Philadelphia, Oct. 9.—Weather conditions this morning were favorable for the opening game between the Boston Nationals and the Philadelphia Americans for the baseball championship of the world. The play was partly cloudy with occasional bursts of sunshine. The temperature is just right for baseball.

Both managers have announced that they will open the series with their strongest available line-up and with every player in perfect physical condition for the contests. With the exception of Deal, at third base in place of "Red" Smith, who broke his leg in Brooklyn on Tuesday, the Boston club will take the field in the order in which it played during the closing weeks of the National league season. Every member of the Athletics' machine is ready to defend the championship won in the series against the New York Giants last autumn. Some doubt was expressed early in the week regarding the ability of McInnis to play first base, owing to a bruised hand, but the stocky infield sacker reported in perfect condition for practice this afternoon and said that he was as fit for the series as any of his team mates.

So far as the general wagering is concerned, the American league club is a topheavy favorite. Few big bets have been recorded but in the small wagers the Athletics have been quoted at odds ranging from 2 to 1 to 10 to 7.

Trip for Cole

New York, Oct. 9.—"King" Cole, the elongated and erratic pitcher of the New York Americans, who took the measure of the Athletics last Tuesday won by that performance a trip to the Pacific coast and Honolulu with Connie Macks All Star cast. Boone of the New York, has also been invited.

GERMAN ALLEGATIONS REGARDING MINES ARE BRANDED AS UNTRUTHS

London, Oct. 9.—The Chronicle, referring to the German official wireless statement of British mine fields in the North sea, says:

"This is deliberately false. The British mine field does not close the channel or free way to any sea route. It leaves open the whole spaces from Ramsgate to Goodwin Sands, including Downs Roadstead. It leaves the route free to the Belgian coast and, of course, all the ports of Netherlands, for all English ports, and from there north to the south between the straits of Dover and the whole of the North sea west of Kentish Knock and the whole ocean to parallel 51.40, nearly opposite Burnham-on-Crouch."

Guilty of Manslaughter.

Moosomin, Oct. 8.—John Nonih was found guilty at the fall assizes here of manslaughter in connection with the death of Mrs. Spogen, an Indian woman at White Wood. He was remanded for sentence until Saturday morning.

Employment for Twenty Thousand.

Montreal, Oct. —Not only will the city of Montreal give twenty thousand men employment for six weeks from November 1 next, but these men will get an increase of 25 cents a day, $2.50 a day.

BOSTON LEADS ALL OTHER MAJOR LEAGUE CITIES IN PENNANTS WON

Hub City Has Captured No Less Than 17 Tapering Flags All Told—Took Their Last National Championship in 1897.

New York, Oct. 9.—In view of the great fight the Braves are making to win the National league pennant it may be of interest to know that this club won the championship in 1872, 1875, 1874, 1875, 1877, 1878, 1883, 1891, 1892, 1892, 1897 and 1898. Other pennants were won by the Boston Brotherhood club in 1890, the Boston and the Boston Red Sox in 1903, 1904 and 1912, the Red Sox also capturing the world's series from the Pirates and Giants respectively in 1903 and 1912. Boston, therefore, leads all other major league cities with seventeen pennants won in major league company.

The victorious Boston teams of 1872, 1873, 1874 and 1875 played in the National Association, which became the National league in 1876. Among the noted players who wore Boston uniform sin those days were A. G. Spalding, Cal McVey, Ross Barnes, George Wright, Harry Wright, Andy Leonard, Mark Manning, John O'Rorke and Jim White. The first Bostcn team to win the National League pennant in 1877 was made up as follows:

Tom Bond, pitcher; Lew Brown catcher; Jim White, John Morrill, George Wright, Ezra Sutton and Andy Leonard, infielders; Jim O'Rorke, Tim Murnane and H. Schaefer, outfielders.

The champion team of 1878 included Bond, with the famous Charley Snyder behind the bat. The basemen were Morrill, Burdock and Sutton with Wright at shortstop, and Leonard, O'Rorke and Manning in the outfield.

Came From Behind in 1883.

In 1883, the Boston, under the management of Morrill, who played first base, won the flag after coming from nowhere in the last half of the campaign, Morrill had two great pitchers in Jim Whitney and Charley Buffinton, with Mike Hines and Mertie Hackett behind the bat, Burdock at second, Sutton at third, Sam Wise at short and the outfield guarded by Joe Hornng, Paul Radford and C. Smith, who is now a Supreme Court Judge in Pennsylvania.

The late Frank G. Selee, one of the best managers that ever sat on the bench, handled the champion Beaneaters in 1893, 1892, 1895, 1897 and 1898. Selee's first pennant winner was composed of Clarkson, Nichols and Staley, pitchers; Bennett and Ganzel, catchers; Tucker, Quinn and Nash, on the bases; Long, shortstop; Lowe, Bradle, Stovey, Mike Kelly and Martin Sullivan, in the outfield.

Selee's men, with Stivetts added to the pitching staff and the placing of Hugh Duffy and Tommy McCarthy in the outfield to help out Lowe, presented almost the same line-up in 1892. Cliff Carroll supplanted Lawe in 1893, while Kelly was released and a new catcher named Merritt was signed to aid Bennett and Ganzel. Lowe was assigned to second base in place of Quinn.

The victorious Bostons in 1897 included Nichols, Klobedanz, Lewis and Lake, catchers; Tenney, Lawe and Collins, on the bases; Long and Allen, shortstops; Duffy, Billy Hamilton and Chick Stahl, outfielders. Selee had the same team in 1898 with the exception of Ganzel, Lake and Allen. Vic Willis, a pitcher, and Yeager, a catcher, were added.

When Irwin Was Chief.

That was Boston's last National league pennant winner. For several years later Selee left the club and signed to handle the Chicago Cubs Oddly enough Stallings, like the lamented Selee, is a bench manager, employing many of the latter's successful methods.

Arthur Irwin was the manager of the Boston Brotherhood champions in 1890. The roster included Radbourne, Gumbert, Daley, Kilroy and Madden, pitchers; Mike Kelly, Murphy and Ewell, catchers; Brouthers, Quinn and Nash, basemen; Irwin shortstop; Hardie Richardson, Tom Brown and Stove, outfielders.

The Boston Association team in 1891 also was managed by Irwin who sat on the bench and handled Maddock, Buffinton, Daily, Griffith and O'Brien, pitchers; Kelly, Murphy and Duke Farrell, catchers; Brouthers, Stricker and Bill Joyce, basemen; Radford, shortstop; Richardson, Brown and Duffy, outfielders.

Jimmy Collins led the Boston Red Sox to victory in 1903 and 1904. His players in 1903 were Cy Young, Dineen, Winters and Gibson, pitchers; Criser, Farrell and Jake Stahl, catchers; Lachance, Ferris and Collins, basemen; Parent, shortstop; Dougherty, Chick Stahl and Freeman, outfielders; in 1904 Collings added Jessie Tannehill to his pitching staff and supplented Dougherty with Selbach. Otherwise the team remained unchanged.

The world's championship Red Sox of 1912 were made up of Joe Wood, Hugh Pedient, Hall, Pape, Collins, Cicotte and O'Brien, pitchers; Carrigan, Cady and Nunamaker, catchers; Jake Stahl, Engle, Yerks, Wagner and Gardner, infielders, with Hooper, Lewis, Speaker and Henriksen in the outfield. Stahl was manager.

TIMES SHOULD BE GOOD IN ALBERTA, DECLARES WELL-KNOWN MERCHANT

"There is absolutely no reason why times should be hard in Alberta," declares A. Cristall, the well known merchant and property owner, and an old-timer in Edmonton, who has just returned from a trip to southern California.

"If you people would not hide yourselves and be so afraid of everything there wouldn't be hard times, either. Times should, on the contrary, be good in Edmonton and this district, notwithstanding the war.

"All we need here is a little optimism and ginger."

Mr. Cristall is an advocate of having business men in at the head of the city government.

REGINA SCRIBES FULL OF PRAISE FOR JIM FLEMING

Western Canada League President is Very Popular in Regina.

Jim Fleming appears to be in pretty solid with the Regina baseball fans and scribes and they cannot say too many nice things about him. Here is a sample eulogy taken from the Regina Province:

At the close of the meeting of the Western Canada league which was held in Medicine Hat on Thursday, President Fleming made a few remarks regarding criticism which had been made on his administration. The president stated that criticism made no difference to him, and would not in the future.

This brings us down to the fact that, after all, President Jim Fleming is by long odds the best and most efficient president this league has ever had. No doubt he may have made a few mistakes, no one is infallible. He may have rendered decisions that did not suit some people, but as a general proposition his work as a president has been so much better than we are accustomed to that he should be returned to office by an unanimous vote.

Not the greatest doubter of all will deny that the league has improved at least one hundred per cent. this season. He has treated each and every club alike, and it is impossible to make a charge of favoritism against him.

To illustrate the above it is only necessary to mention one incident that happened. Every fan here will remember when Herriott slammed Umpire Becker for that awful decision on a bunt by Harris. The decision was wrong, everyone knows, but nevertheless Herriott was not justified in hitting the paid official of the league. A report of all the circumstances surrounding the affair was made to President Fleming. At that time Medicine Hat and Regina were both contenders for the pennant.

While President Fleming would have been perfectly justified in suspending Herriott for his offence, he let him off with a fine of $70 all told. Had he suspended him, the would have been an immediate cry that he was favoring Medicine Hat, but his action in the premises proved that he was on the square with every club.

The chief objection to Fleming the past year has been in Calgary and Edmonton. This seemed to be on account of the fact that Fleming insisted on keeping Umpire Wheeler on his staff of arbiters. Wheeler had become "persona no grata" in those cities, and they demanded his expulsion. The president stated time and again he was satisfied with Wheeler's work, and kept him till the end of the season.

Several players well known here have stated that Wheeler was the best umpire in the league, and if their words count, then Fleming's choice was justified.

Better Ball Than in Northern.

Under Fleming's regime the class of ball has been put on an exceedingly high plane, and this has been proven by the small number of men who have made good here. Many and many a person who has seen teams of this league and the Northern league in action, state that the clubs are far stronger than in Harmeister's loop, although the latter league has C classification.

Again the protests have always been handled in a business-like manner, and whether the decision was in favor or against us, everyone must acknowledge that a decision was given without any reservation.

Elect Him for Thre Years.

He has had much experience in baseball. He knows the game thoroughly, and last year's experience will give him a basis to work on in 1915. Under Ban Johnson, the American league is improving every day. One executive, if he proves his worth, should be returned to office. That is the case with Fleming. The league is on a solid basis now. He should be returned unanimously, not for one year, but for three years, and at the end of that length of time, if he has done his work as well as in 1914, then he should be given the job for five years, providing, of course, that he accepts it.

His work in 1914 is ample evidence that he is an efficient president, and three years should be the length of his next term.

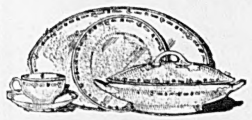

One Thousand Applicants.

Regina, Oct. 8.—Already in Regina over one thousand applications have been received for the second Canadian overseas contingent.

GIANT BLAMES FEDERALS FOR LOSS OF FLAG

Claims Players Were Dissentious Account of Outlaws Being in Field.

Although McGraw did not lose a player to the Federals this season the three-times champion of the National league is blaming the outlaws for his failure to grab a fourth flag. Frank Chance, out, if not down, as a big league manager, is likewise a sufferer, as are Joe Birmingham, Wilbur Robinson, of the Dodgers, and others.

Their assertion is that, with the Federal menace hanging over their heads, they were not managing their clubs—the clubs managed them. Their players, those who did remain, secure in the possession of ironclad contracts without 10iday clauses, loafed on their jobs. They could not be driven.

"With the Federals in the field it has been impossible to have discipline," said McGraw recently. "You have to handle the men with kid gloves. If you go after one of them you are in danger of losing a player, and the older ones are the worst of the lot. They will tell you they have done a lot for you, and you have no right to come back at them."

Frank Chance hit the nail on the head when he said:

"With the Feds in the offing discipline is gone. You tell a player to do something. He does something—else."

It has been asserted that Wilbur Robinson has been managing a team in a real state of mutiny much of the time this year. Starting out with great prospects, his players refused absolutely to take orders from him. Dissension in the Cleveland ranks found Birmingham in the same boat. He sat by helplessly until his team was so far behind it did not make any difference what happened.

In baseball, as in any other jobs of life, men do their best work when they fear some one will replace them if they don't. The Feds removed this spur, and organized baseball suffeded.

"SEE WHAT YOU GOT" INCENDIARY'S NOTE TO MAN BURNED OUT

Winnipeg, Oct. 9.—"See what you got," read a message received by J. A. Ianfield whose furniture warehouse was burned yesterday under suspicious circumstances with a loss of about $40,000. The message came by mail and is being investigated by the police, who suspect that the fire was incendiary and had its origin in an attempt at revenge by confederates of Alexander Stewart, who an hour before the fire started was sentenced to five years imprisonment for sending Mr. Hanfield threatening letters.

German Fire Slackening.

Tokio, Oct. 8.—The following official despatch was issued here last night:

"At Tsing Tau the German fire is slackening. During the fighting the rope holding a German captive balloon was cut and the balloon floated away."

FARMS FOR SALE

160 ACRES, clay loam, fenced, frame house, good well, stable, 26 acres under cultivation, $20 cash, $300 easy payments at 5 per cent; for particulars apply 11083 Kinistino avenue. P.N.R.

FARM FOR SALE AND RENT—WILL sell 160 acres, about 50 acres under cultivation, fair buildings, good well, all fenced, all well drained land; also rent the adjoining 160 acres with equal improvements, situated 60 miles east on main line of C.P.R. and only 2½ miles from town. Any person with a reasonable amount of cash will get a good chance to get a good home. Apply owner, 120 Oak ave. OAE-TF

SECTION 21-49-11-4—11 MILES FROM Innisfree on the G.N.R., and 18 miles from Viking on the Grand Trunk Pacific. The Lloydminster-Hotelstake line of the C.P.R. will give a town nearer than either of these. This land is on the shore of Lake Alice, a deep and pretty body of water giving this property a mile of lake front. The lake cuts into the section, leaving 394 acres of the section. The entire 394 acres lays in a body, is all fenced and cross-fenced, has 140 acres broken, no waste land, level, high and dry, no stones, one and one-half miles from school, and has a strong flow of water both summer and winter from a living spring. Price $14.50 per acre. An important consideration is the fact that it is possible to secure a homestead within five miles of this land, thus making it possible to prove up on 160 acres free of cost without occupying other than the farm above listed. INTENSITY OF GERMAN ATTACK INDICATES PLANS BEING CHANGED

London, Oct. 8.—The intensity of the German attack on the city of Antwerp is taken in some quarters to mean that the Germans are preparing a second line of defence stretching from Antwerp to Brussels, Namur and Metz, upon which they can fall back on in event of reverses on their present line in the north of France.

All of Europe's literary big guns are booming.

HOUSE THAT JACK BUILT SURE HAD NOTHING ON THIS!

Amy Keane's Residence Proving a Regular Gold Mine For Local Lawyers.

LATEST LEGAL TANGLE CHARGE OF PERJURY

South Side Literary Lady Alleges Contractor Did Not Stick to Truth.

Keane vs. Craig, a familiar case in the Edmonton court house, both high and low, for the past two years, was again the bill of fare dished up in the police court on Thursday morning, Craig facing a charge of perjury.

In the year 1912 Craig, a contractor, built a house for Mrs. Amy Keane, and when the building was nearing comple-tion Mrs. Keane paid him, after get-ting an affidavit to the effect that all bills outstanding against the material used had been paid. Later, Mrs. Keane alleges, accounts were sent to her by persons who supplied building material demanding that she settle. On this ground she claims that Craig perjured himself when he swore that no bills were unpaid.

The evidence produced on Thursday was of a fragmentary and unsatisfac-tory nature. Mrs. Keane was in the witness box, but could state nothing definitely, and the magistrate adjourn-ed the case until Saturday in order to give the prosecution time to produce more witnesses.

ALLEGED POCAHONTAS MURDERER FACES TRIAL

Fred Wasylik appeared in the su-preme criminal court Friday morning charged with the attempted murder of Steve Shabukowsky, at Pocahontas, Al-berta, on June 21. He is also charged with attempted suicide. This he is al-leged to have attempted immediately following the attempt on Shabukowsky. Evidence went to show that the victim of the attempted murder had been given a severe gash with an axe, mak-ing a cut over four inches deep. Wasy-lik was afterward found with a six-inch cut across his throat. Medical evidence showed that this cut was over an inch deep and just above the adam's apple. E. L. Coxwell is acting for the crown and M. M. Charleson for the defence.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage way every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret to-night will straighten you out by morn-ing. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing too.

CANUCKS READY TO TAKE CRACK AT THE KAISER

Contingent Arrives in English Waters Healthy and Eager to Fight

AS FINE A BODY OF MEN AS BRITISH WORLD CAN SHOW

Says They Realize the Grim Purpose of Going to Europe

London, Oct. 9.—Canada's great vanguard of loyal troops for the front is now in English waters and escorted by warships, the transports arrived off the Isle of Wight early this morn-ing. Their disembarkation will prob-ably take place after berthing.

Medical officers report that the Canadians are as fine a body of men as the British world can show, and that they are all in good health and eager to start upon that final period of training which it is to fit them for get-ting to grips with the enemy.

It is not permissible to go into de-tails as to time and arrangements made for the safe transportation of this great body of troops from the dominion. The voyage itself and the arrival in England yesterday were kept a profound secret, but now that the splendid feat of transportation across the Atlantic has been safely ac-complished the need for secrecy exists no longer.

Disembarkation will take place at the earliest possible moment but it must necessarily be storm of all cere-monial and formal cordiality of welcome that in other and happier times would Canada visiting the motherland. It it clear, however, that this great over-seas army excites nothing of the kind. A Canadian officer who has been in England for some days past in connection with the reception of dominion troops says "No body of men in the empire realize more than we do the grim purpose of our coming. None are more eager to see it through."

EDMONTON IN BRIEF

A. G. MacKay has written the city commissioners, offering on behalf of the Edmonton Construction company, to accept in settlement of damages by reason of cancellation of contract, the sum of $6,000, plus the amount due by the city to the firm for work already completed. Referred to the city engin-eer and city solicitor.

An offer has been received from the New York Continental Jewell Filtra-tion company for filtration plant de-bentures at 80. The commission board agreed that they could not entertain their proposal.

"If what this young woman says is true, you are a young blackguard. In any event you have ruined her. How-ever I am obliged to acquit you on the charge before me. Notwithstanding, you have done her a great wrong. If there is a spark of manhood about you you will do what you can for her. You may go." In these words did Justice Walsh address Mike Froinski in the supreme criminal court on Wednesday. Froinski was charged with an offence against a young woman whom he had promised to marry, and to whom he was engaged. He had left her and the woman had him arrested. He was not convicted, however, on the charge laid against him.

The annual Thanksgiving convention will be held at the Beulah Mis-sion October 9 to 12 inclusive. Rev. Martin of Calgary, D. S. Shantz of Didsbury and a number of others from a distance are expected to be present and take part. All are wel-come.

The next regular meeting of Edmon-ton Chapter, Order of the Eastern Star, will be held on Wednesday eve-ning, October 14, at eight o'clock in the Masonic Temple, 102nd st.

..There will be a battalion parade of the 101st regiment at 7.45 Friday eve-ning at the Fourth street armory.

A Thanksgiving supper will be held at St. Faith's church, Kennedy street by the women's auxiliary on Tues-day, from six till eight p.m. After the supper there will be a meeting of the church society to organize the winter's work. All are cordially in-vited.

CITY HALL NOTES

At an adjourned meeting of the city council Thursday afternoon it was decided to petition the legislature at this session to amend the city charter for the extension of the fran-chise to women. If the amendment were granted by the legislature it would practically give Edmonton a universal franchise with a residence qualification. The council voted five to four on this question of asking for the amendment at this session.

A delegation representing the holders of stalls on the Rice street market pe-titioned the council to rescind their motion to have that market closed and ordering all stalls removed. The new First Street market, they claim, is not nearly large enough for the number that are at present on Rice street. The parks and markets committee will investigate the matter and report at the Tuesday night meeting.

Visiting Bassano Dam

Calgary, Oct. 9.—The irrigation con-gress left this morning on a special train to pay a visit to the irrigated section of the C.P.R. and at Bassano and to inspect the great dam and the system generally. They are taking lunch at the dam site as the guests of the C.P.R. and will return this even-ing in time for those going south to make their connection.
